CROWE MAKES PERJURY CHARGE

TESTIMONY OF GIRL WITNESS IS ATTACKED

State's Attorney Seeks To Show That Young Woman Friend of Richard Loeb Changed Statements.

(Associated Press.)

CHICAGO, Aug. 7.—Introduction of lay witnesses by the defense in seeking mitigation of punishment for Nathan F. Leopold, jr., and Richard Loeb, confessed murderers of Bobby Franks, today brought from Robert F. Crowe, state's attorney, the shouted charge that one of them had "committed deliberate perjury."

Miss Lorraine Nathan was on the witness stand when Mr. Crowe, in seeking to impeach her testimony, charged that she was varying her remarks from statements she had made in his office shortly after Loeb was arrested for the Franks murder.

Miss Nathan just had testified that previously was fond of Loeb as he was f her, but that she does not 'feel that way now," and that being a lady, would not lie to aid Loeb. Mr. Crowe's denial of the defense's right to have Miss Nathan read her earlier statement led to an early recess of court.

Authority Asked.

The defense and state were directed to bring in authorities on the defense's contention that Miss Nathan should see the record of earlier remarks before proceeding as a witness.

Miss Nathan, the first girl witness to appear for the defendants, made a pretty, if somewhat nervous picture on the stand She testified in a cool, but somewhat catchy voice, and her conclusions as to Loeb's conduct so closely paralleled that of three famous mental experts who had proceeded her, that the state's attorney ironically started his cross examination by addressing her as a "doctor."

On the witness stand she avoided Loeb's glances, but when she passed him as she left the courtroom, she clutched his arm, whispered in his ear and still was talking when a bailiff jerked Loeb away from her grasp.

The prosecution today refused to accept a proposal by the defense for shortening hearing before Judge Caverly.

"Our answer was a blanket 'no'," said Robert Crowe, state's attorney who indicated that the defense's idea was to dispense with lay witnesses, provided the state would accept a blanket statement of what their testimony would be and would also dispense with calling further lay witnesses

Hearing Resumed.

Judge Caverly resumed the hearing at 10:40 a. m., ten minutes late, and announced a thirty minute recess.

The judge said that the defense and state had informed him that a conference might save from two to five days of the hearing.

The three defense attorneys, Mr. Darrow and the Rachrach brothers, Walter and Benjamin, and the four members of the prosecution, led by Robert E. Crowe, state's attorney, retired for the time-saving effort.

Neither Crowe nor Darrow would say anything as to the purpose of the conference, it was understood the defense desired to eliminate all lay witnesses, provided the state would do likewise.

The effort to shorten the hearing was turned down by the state and Max Schrayer, a former university student, was called to the witness stand.

Schrayer identified himself as 21 years old and a Chicago jobber of household goods since graduation from the University of Michigan, where he was a fraternity brother of Loeb.

Schrayer said he had observed Loeb to be very nervous to which the state objected and was sustained Mr. Darrow asked the question in other phrases and brought this reply:

Says Drank Heavily.

"I observed he had a twitching of the mouth, was nervous in his gestures with his hands, dragged his ankle, and on special occasions drank a great deal. He fainted several times at Michigan. He smoked a great deal and showed nervousness in doing it."

Repeated efforts by Mr. Darrow to have the witness give his observations as to the responsibility of Loeb brought as as many objections from Mr. Crowe.

Loeb was known as a reader of dime novels and detective stories, the witness continued, replying to a question by Mr Darrow as to Loeb's reading. Mr Crowe again objected and was sustained

Mr. Darrow asked if Schrayer had noticed anything peculiar about Loeb's laughter The witness said he seemed to laugh at a great many things not humorous, and Mr. Crowe asked the question and answer be stricken.

"If this witness has listened to the testimony of these alienists, I could see why anybody would get a great laugh," Mr. Crowe declared.

Darrow Sarcastic.

To which Mr Darrow retorted.

NEW PLANE FOR WADE ENROUTE

Army Fliers Hop Off For Pictou, Nova Scotia, In Craft To Be Turned Over To World Airman—Early Resumption Of Flight Likely.

(Associated Press)

NEWPORT NEWS, Va., Aug. 7 — Lieut George C. McDonald and V. E. Bertrandinas hopped off from Langley field at 11:28 a m. today for Pictou, Nova Scotia, in the Douglas cruising plane in which Lieutenant Wade will resume his round-the-world flight.

Find Landing Place.

WASHINGTON, Aug. 7.—A safe landing place for the world fliers on their next hop has been located by the army advance party on the east coast of Greenland at Ekaluit, the army service was informed today.

The proposed base is about 750 miles from Reykjavik in Iceland, where the two fliers have been awaiting word of the success of the exploring party. It is expected that an early resumption of the attempt to "tie in" the 26,000 mile air line around the world will now be made.

A message relayed by the cruiser Milwaukee, which for the past forty-eight hours has been cruising along the coast aiding the army advance, said that a safe harbor was available at Kungnat, in the same vicinity, for the supply ship and for hauling out the planes if ordinary repair was necessary

AUTO HITS BUGGY AND THREE HURT

Father and Two Children Injured In Crash Near Nebraska City.

(Special to The Star.)

NEBRASKA CITY, Neb., August 7—William James and two children, the eldest three and a half years old narrowly escaped death last night when a large automobile driven by D. J Overton, insurance man of Auburn, struck the buggy in which they were crossing the King of Trails highway a mile south of the city, demolished the vehicle and threw the occupants out

One of the children struck the windshield of the automobile and lodged on the engine hood, being rescued by a woman who was at the scene of the wreck James and the two children were rushed to the Barr & Zimmerer hospital where it was found that he was suffering from a slight concussion of the brain and extensive scalp wounds Both children escaped with slight bruises and scratches. They were later moved to their home near the packing plant where the father is employed

Mr Overton brought the injured to the hospital.

Overton was on his way to this city when the buggy in which the James were riding drove in front of his machine The accident was an unavoidable one, it is declared

ASKS REFUND.

In a communication filed with the city clerk Thursday, Ed Bond asks the city council to pay him the principal and interest on three bonds which he says he lost or were stolen Two of the bonds were for $5 each and the other for $178 The bonds were accompanied by a bond for $1,200 indemnifying the city against loss should the securities ever be presented for payment after he receives his money.

GERMANS AND ALLIES AGREE

Complete Understanding Is Reached At London On Manner In Which Defaults Are To Be Declared Under the Dawes Proposal.

FRENCH SPOKESMEN APPEAR SATISFIED

Ambassador Kellogg Approves Of French Proposal For Conference Of Finance Ministers Following Present Meeting.

(Associated Press)

LONDON, August 7—The allies and the Germans have reached a complete agreement on the manner in which defaults are to be declared under the Dawes plan.

The council of fourteen today adopted the full text of the report of the first committee of the inter-allied conference. The council was to meet again at 5 p. m., to take up the report of the third committee

The conference leaders on the allied side met first this morning and shortly afterward the Germans were admitted to take part in the discussion. It was decided to refer the question of amnesty for German nationals in the occupied territories to the conference jurists An agreement on this subject is considered probable.

French circles expressed themselves quite satisfied with the morning meeting They said the Germans presented their propositions in a moderate way and that the tone of the discussion was most courteous

One of the French spokesmen asserted that many of the points put forward by the Germans were capable of adjustment and reconciliation with the agreements reached by the allies. It was said that in some instances only slight explanation seemed necessary to make the German and allied views coincide.

Plan Finance Parley.

LONDON, August 7—Ambassador Kellogg has written the secretary of the international conference, according to the Daily Chronicle, stating that representatives of the United States are in accord with the French proposal to hold a conference of finance minister in Paris after the closing of the meeting here.

The proposal was contained in resolutions submitted last Saturday for adoption by the allied delegates. The first of these resolutions pertains to the allocation of payments received from Germany since January 1, 1923, and to payments to be received during the first year the Dawes plan is in operation.

SAYS BUTLER NOT LAWFULLY NAMED

Swallow Protests Against Omaha Man As Progressive Candidate.

Hearing To Be Held Before Secretary Of State Next Week.

A formal protest against placing the name of Dan B. Butler on the ticket of the progressive party as its candidate for governor at the fall election has been filed by Harry C. Swallow, 2035 Euclid avenue, Lincoln, and will be heard by Secretary of State Pool on August 14 at 10:30 a m.

Mr. Swallow challenges the legality of the filing made for Butler last week by J. L. Beebe and W. H. Green, and also questions Butler's affiliation with the progressive party. He says no delegate state convention of the party was held this year, and that no state committee was selected in the manner provided by statute. In any event, Swallow alleges, only three of the eight men holding membership on the body calling itself the state committee were present at the meeting in Omaha when Butler was named for governor, and this action does not represent a majority expression

Another objection raised by the Lincoln man, who says he is registered as a member of the progressive party and voted in its primary last April, is that the certificate of nomination filed by Beebe and Green, as chairman and secretary of the committee, is not attested under oath, as the law requires

Butler, he claims, has been affiliated for twenty years with the democratic party, is registered in Omaha as a democrat, and voted in the last democratic primary.

Under the "pretended "call" for a state convention issued by Beebe and Green, the protest says, 50 per cent of the bona fide members of the progressive party in Nebraska were excluded by clauses which barred everyone except "middle-of-the-roaders" from participation

Not to exceed one or two county conventions were held, Mr Swallow declares, and not more than three or four counties sent elected delegates to the state convention in Omaha, held May 1. He asks that the Butler filing be pronounced null and void.

The certificate, as prepared by Messrs Green and Beebe, asserts that Butler "has publicly declared for Robert La Follette and Wayne Wheeler." This would be interesting, if true, as Butler has always been classed as "wet" while Wayne Wheeler is the legal and political representative of the national anti-saloon league It is supposed that Senator Burton K. Wheeler, vice-presidential candidate running with La Follette, is the man whom Beebe and Green had in mind.

Put In Solitary Confinement For Refusal To Work

"Houdini Jim" O'Leary, who was sentenced Wednesday to 15 years in the state penitentiary when he pleaded guilty to highway robbery

Because of his well known jail breaking proclivities, O'Leary was taken immediately to the penitentiary.

Disciplinary measures were necessary on his first day there. He refused to work when brought to the factory and was locked up in solitary confinement.

"I'd rather be locked up for 15 years than go to work," he told Warden Fenton.

BITTER DEBATE OVER TREATY

Premier Macdonald Scores Initial Victory In His Plan To Complete Trading Pact With Russian Government.

(Associated Press.)

LONDON, Aug. 7.—The proposal of Prime minister Macdonald to sign forthwith the treaty between Great Britain and soviet Russia, drawn up by the Anglo-Russian conference yesterday, drew a vigorous attack from the opposition when debate was resumed in the house of commons today.

The premier refused to yield one inch to the onslaught and finally scored a victory when an amendment proposing adjournment of the house until tomorrow for further discussion was defeated, 157 to 77. The offensive of the opposition at times produced acrimonious language and bitter comments.

"I want to sign the treaty today," was Mr. Macdonald's challenging reply to his opponents. He added that the house would be free to consider the treaty, to amend it, to pass it, or reject it.

Handle Hundreds Of Carloads Of Grain Every Day

Grain shipments on the Nebraska divisions of the Burlington took a slight slump Wednesday. Three hundred and seventy-six carloads are reported to have been loaded Wednesday The shipments during the last two weeks have averaged in the neighborhood of 400 to 500 carloads a day. The heaviest shipments were on the Wymore division where 130 carloads were sent out.

Kiwanians Attend Picnic At Tecumseh

A group of Lincoln Kiwanis members went to Tecumseh Thursday where they will take part in a southeastern Nebraska Kiwanis club picnic and outing. The party made the trip in autos and will return during the evening.

HEAVY DAMAGE DONE BY HAIL

Acres of Tomato and Cabbage Plants Destroyed In Hall County and a Large Greenhouse Badly Hit.

GRAND ISLAND, Aug. 7.—(A. P.)—A hail storm, destructive but limited to half a mile by two miles in area, visited a section a mile north of the city early Thursday, inflicting a fifty per cent loss on the entire Edwards greenhouse and truck farm. Two acres of tomato plants and two of cabbage were completely destroyed.

Other spots in central Nebraska were also visited by the hail, very destructive in small areas. Ord reports a hail visitation reaching from seven miles southwest of that city to the town. It lost intensity as it reached the city, but in some places corn and other crops not yet harvested, were completely destroyed. The damage in Ord was confined to electroller globes and smaller windows

North Nebraska Hit.

NORFOLK, Neb., Aug. 7.—Heavy damage was done in this vicinity by wind and rain in an electrical storm which was one of the worst ever striking this vicinity, yesterday. Trees were blown down, farm buildings wrecked and chimneys damaged.

The Worner Brothers place, west of Wisner, was hardest hit, every building on the farm being demolished. Hundreds of shade trees were blown down in town.

Livestock Killed.

(International News Service)

WOODLAKE, Neb., Aug 7.— A strip of land, two miles wide and ten miles long, near Marsh lake south of this town was a desolate waste of country today following one of the most severe hail storms within the memory of old Cherry county settlers.

The hail stones were unusually large and were driven with bullet-like force by a terrific gale which accompanied the storm. Roofs of houses in the storm area were pounded to pieces and all houses, barns and sheds will have to be re-shingled.

Considerable damage was occasioned through the loss of chickens, calves, horses and hogs, and thousands of game birds living in the Cherry county lake region were killed by the storm. At one lake farmers picked up 125 wild ducks that were killed by the hail and preserved in the ice until morning. Entire coveys of prairie chickens were also found beaten to a pulp.

Neal Provost, proprietor of the Woodlake hotel here, had a narrow escape from death or serious injury when he was caught in the storm but succeeded in making his way to shelter.

Damage Near Genoa.

News of serious damage to crops around Genoa in a hailstorm which swept that section at 8 o'clock Thursday morning was received in a long distance telephone message to State Trade and Commerce Secretary Knudson. His informant said that after the storm was over hailstones were lying 2 inches deep on the ground in some places. Cornfields were said to have been stripped, destroying the prospect of a fine crop. Mr. Knudson did not know how large an area had suffered from the hail.

BOARD CONSIDERS MEANS TO RAISE ASSEMBLY FUNDS

Deficit of From $1,500 to $2,500 Looms—Discuss Problem Friday.

Dr. Headland Speaks In Afternoon on "By-Products Of Civilization."

A deficit is facing officials of the Epworth assembly, it was stated Thursday morning, and the board of directors met in the morning and again in the afternoon to draw up a plan to raise funds The plan will be ready for presentation Sunday, E. M. Avery, treasurer, said and it was probable that friends of the assembly would be asked for contributions. It is not certain whether the deficit will be a considerable amount, he said, with four days of the assembly yet to run. Total gate receipts should be about $10,000, C. A Fulmer, president of the assembly, said, and Mr. Avery estimated the difference to be from $1,500 to $2,500

Dr Isaac T. Headland, head of the University of Peking, China, was to speak at 2:30 Thursday on "By-Products of Civilization." Bishop F. T. Keeney preached a sermon at 11 o'clock, and Dr Irl Whitchurch held his last Bible conference of the assembly at 9 o'clock. If the conferences had continued another day it would have been necessary to hold them in the main auditorium, Mr. Fulmer said. The usual warm debate followed the lecture by Dr Whitchurch Thursday morning.

Hold Meeting Friday.

Financial matters will be discussed at the delegated convention of the Nebraska Conference of the Epworth League that begins Friday morning and continues into Saturday. The problem of making expenses will be discussed and proposals for next year considered. It has been proposed that the assembly be moved to some smaller town, Mr. Fulmer said, but he thought it improbable that the move would be made

WALTON VICTORY SEEMS ASSURED BY NEW RETURNS

Deposed Governor May Win Senatorial Nomination By 10,000 Plurality.

Paulen Holds Lead For G. O. P. Gubernatorial Nomination in Kansas.

(Associated Press)

OKLAHOMA CITY, Aug. 7.—Slowpiling up a lead over Congressman E. B. Howard, whom he passed late yesterday J. C Walton, deposed governor, appeared today to have been nominated by Oklahoma democrats for United States senator to succeed Robert L. Owens.

Returns compiled by the Associated Press from Tuesday's primary showed Walton to be leading Howard by 4,084 votes, with but 729 of the 2,996 precincts in the state to be heard from.

C. J Wrightsman, another candidate, conceded Walton's nomination, and the Daily Oklahoman of Oklahoma City, which has opposed Walton, predicted in today's issue that

TO MOVE AGAINST DAZZLING LIGHTS

City and County Officers To Take Action Against Menace.

Steps will soon be taken by all law enforcement officers of Lancaster county to lessen the glaring headlight menace. County Attorney Charles E. Matson has called upon city and county officers to make every effort to enforce the headlight law, which gives certain tests for the legalizing of the lights.

County and city officers recently conferred as to the most effective methods of enforcing this law. Chief of Police Johnstone is expected to issue a statement soon dealing with this subject.

Mr. Matson's statement of the headlight law is as follows:

"No portion of the beam of the reflected light when measured seventy-five feet or more ahead of the lamps shall rise above forty-two inches from the level surface on which the vehicle stands under all conditions except load. Spot lights shall not be used except when projecting their rays directly on the ground and at a distance not exceeding thirty feet in front of the vehicle"

Proper adjustment of headlights, the officers believe, would eliminate many of the dangerous and fatal accidents that are now happening.

Sisters-in-Law Beneficiaries In F. W. Hellwig Will

The will of Ferdinand W. Hellwig, former deputy city treasurer, whose death occurred recently in Los Angeles, was filed in probate court Thursday. The estate, of which the value is not given, is left chiefly to two sisters-in-law, Grace and Gertrude Aitken of Lincoln. An adopted daughter, Margaret Stevens or Hellwig, is the other chief beneficiary.

One-half of the estate is left to the Misses Aitken, to be divided between them.

The other half, with the exception of $100, is left to the adopted daughter.

Ferdy W. Hellwig, or Stevens, an adopted son, is left $100.

Administrators For Baker Estate Are Appointed By Court

Petitions for the administration of the estates of Harry W. Baker and his wife, Anna T. Baker, of Havelock, who were drowned in Colorado, were filed in probate court Wednesday. Special administrators were appointed because of the fact that the Baker Pharmacy, owned by the deceased couple, must be given attention. The special administrator acts until a regular administrator is appointed.

Escaped Trusties Still At Large

No trace had been found up to Thursday noon of the six trusties who escaped from the girls' industrial school at Geneva Tuesday night, according to the state law enforcement office

Descriptions of the girls and the Ford truck, in which they are said to have made their get-a-way have been sent to county and local officers in the surrounding country

The girls were: Ethel Mondon, and Alice Cumming of Omaha, Anna Krause of Falls City, Fay Leigh, Margaret Duffield and Dorothy Brown of Lincoln.

REST IN FALL TRIAL

NEW YORK, Aug 7— Both sides rested their cases at noon today in the trial of William J Fall, on a federal indictment charging him with bribing a juror in the trial of the Durell-Gregar stock swindling case two years ago Judge McClintock, then dismissed the jury until tomorrow.

SUES FORMER BANKERS FOR HALF MILLION

City National Charges Howey and Dunn With Misuse of Funds - - - Demands Accounting and Big Judgment.

The City National bank Thursday brought suit in District court against Loyal B. Howey and Lee J. Dunn, former president and vice president of that institution, asking for an accounting and for judgment for $500,000 or for such other and larger amount as the court might find to be due from the defendants to the plaintiff.

Charge Conspiracy.

In its petition the plaintiff alleges that at all times refered to the defendants were the owners of a majority of the capital stock of the bank and were in active control of its affairs While thus in control and occupying such position of trust and such fiduciary relation, it is alleged the defendants, upon a date unknown to plaintiff entered into a conspiracy to use the assets of the bank for their own personal profit. Then follows a detailed list of enterprises and schemes in which the defendants are alleged to have unlawfully invested the funds of the plaintiff. The acts complained of are alleged to have extended over a period from early in 1916, up to and including 1921.

During this time and for the purpose of carrying out the alleged conspiracy, it is asserted that the defendants made use of various schemes artifices, devices and subterfuges, by which they made use of the funds, assets, credit and good name of the plaintiff, in speculative ventures for their personal use and profit, to the loss and damage of the plaintiff

Refuse To Pay Losses.

Defendants are charged with having fraudulently concealed from plaintiff and the directors their interest in the transactions set forth in the petition, who had no notice of the same until December, 1920, when only temporary knowledge was obtained On December 7, 1920, defendants admitted in writing their liability and made partial restitution; but they now repudiate their liability and refuse to enter into an accounting and pay the losses.

It is first alleged that the defendants and other persons organized, owned and operated the Sheridan Park Investment company for the purpose of dealing in real estate, defendants financing the venture by loaning plaintiff's funds to the company The aggregate of such loans was in excess of ten per cent of the capital stock and surplus of the bank and they were in violation of the national banking act. Many of these loans were worthless and uncollectable, it is alleged.

It is next alleged that at a time unknown to plaintiff, defendants entered into an agreement with C. D. Matthews and William White for the purpose of dealing in Canada lands for the benefit of defendants and Matthews and White. Defendants, in violation of their duties agreed to finance these land deals with plaintiff's funds. Pursuant to this agreement lands were purchased and taken in the name of the Continental Land & Mortgage Co., and Conservative Loan & Investment Co., to which cor-

JACKSON NOW IN PRISON HOSPITAL

Howard Jackson, alleged burglar who has been in St. Elizabeth's hospital for about a month while a shattered leg was knitting, was to be moved Thursday afternoon to the hospital ward in the state penitentiary, where he will be held for safe keeping until he is sufficiently recovered to be arraigned on the charge under which he is held.

Jackson was shot in the right leg by Officers White and Goodwin when he was surprised in the act of burglarizing the George Arendt home.

Jackson served two years at Jefferson City, Mo., under a charge of second degree burglar, according to police information. There he was known as William Palmer, alias Thomas Wilson. He was given an indeterminate sentence in the Stillwater, Minn., penitentiary in 1915 and Dec 3, 1921, was held by the Dallas, Tex., police on a burglary charge He gave the name of George Wilson at Dallas, the records indicate

The local officers also found that Jackson had been in Lincoln about two weeks before he was arrested

CROWE MAKES PERJURY CHARGE

TESTIMONY OF GIRL WITNESS IS ATTACKED

State's Attorney Seeks To Show That Young Woman Friend of Richard Loeb Changed Statements.

(Associated Press.)

CHICAGO, Aug. 7.—Introduction of lay witnesses by the defense in seeking mitigation of punishment for Nathan F. Leopold, jr., and Richard Loeb, confessed murderers of Bobby Franks, today brought from Robert F. Crowe, state's attorney, the shouted charge that one of them had "committed deliberate perjury."

Miss Lorraine Nathan was on the witness stand when Mr. Crowe, in seeking to impeach her testimony, charged that she was varying her remarks from statements she had made in his office shortly after Loeb was arrested for the Franks murder.

Miss Nathan just had testified that previously was fond of Loeb as he was f her, but that she does not 'feel that way now," and that being a lady, would not lie to aid Loeb. Mr. Crowe's denial of the defense's right to have Miss Nathan read her earlier statement led to an early recess of court.

Authority Asked.

The defense and state were directed to bring in authorities on the defense's contention that Miss Nathan should see the record of earlier remarks before proceeding as a witness.

Miss Nathan, the first girl witness to appear for the defendants, made a pretty, if somewhat nervous picture on the stand. She testified in a cool, but somewhat catchy voice, and her conclusions as to Loeb's conduct so closely paralleled that of three famous mental experts who had proceeded her, that the state's attorney ironically started his cross examination by addressing her as a "doctor."

On the witness stand she avoided Loeb's glances, but when she passed him as she left the courtroom, she clutched his arm, whispered in his ear and still was talking when a bailiff jerked Loeb away from her grasp.

The prosecution today refused to accept a proposal by the defense for shortening hearing before Judge Caverly.

"Our answer was a blanket 'no'," said Robert Crowe, state's attorney who indicated that the defense's idea was to dispense with lay witnesses, provided the state would accept a blanket statement of what their testimony would be and would also dispense with calling further lay witnesses.

Hearing Resumed.

Judge Caverly resumed the hearing at 10:40 a. m., ten minutes late, and announced a thirty minute recess.

The judge said that the defense and state had informed him that a conference might save from two to five days of the hearing.

The three defense attorneys, Mr. Darrow and the Bachrach brothers, Walter and Benjamin, and the four members of the prosecution, led by Robert E. Crowe, state's attorney, retired for the time-saving effort.

Neither Crowe nor Darrow would say anything as to the purpose of the conference, it was understood the defense desired to eliminate all lay witnesses, provided the state would do likewise.

The effort to shorten the hearing was turned down by the state and Max Schrayer, a former university student, was called to the witness stand.

Schrayer identified himself as 21 years old and a Chicago jobber of household goods since graduation from the University of Michigan, where he was a fraternity brother of Loeb.

Schrayer said he had observed Loeb to be very nervous to which the state objected and was sustained. Mr. Darrow asked the question in other phrases and brought this reply:

Says Drank Heavily.

"I observed he had a twitching of the mouth, was nervous in his gestures with his hands, dragged his ankle, and on special occasions drank a great deal. He fainted several times at Michigan. He smoked a great deal and showed nervousness in doing it."

Repeated efforts by Mr. Darrow to have the witness give his observations as to the responsibility of Loeb brought as as many objections from Mr. Crowe.

Loeb was known as a reader of dime novels and detective stories, the witness continued, replying to a question by Mr. Darrow as to Loeb's reading. Mr. Crowe again objected and was sustained.

Mr. Darrow asked if Schrayer had noticed anything peculiar about Loeb's laughter. The witness said he seemed to laugh at a great many things not humorous, and Mr. Crowe asked the question and answer be stricken.

"If this witness has listened to the testimony of these alienists, I could see why anybody would get a great laugh," Mr. Crowe declared.

Darrow Sarcastic.

To which Mr. Darrow retorted:

NEW PLANE FOR WADE ENROUTE

Army Fliers Hop Off For Pictou, Nova Scotia, In Craft To Be Turned Over To World Airman—Early Resumption Of Flight Likely.

(Associated Press.)

NEWPORT NEWS, Va., Aug. 7. — Lieut. George C. McDonald and V. E. Bertrandinas hopped off from Langley field at 11:28 a. m., today for Pictou, Nova Scotia, in the Douglas cruising plane in which Lieutenant Wade will resume his round-the-world flight.

Find Landing Place.

WASHINGTON, Aug. 7.—A safe landing place for the world fliers on their next hop has been located by the army advance party on the east coast of Greenland at Ekaluit, the army service was informed today.

The proposed base is about 750 miles from Reykjavik in Iceland, where the two fliers have been awaiting word of the success of the exploring party. It is expected that an early resumption of the attempt to "tie in" the 26,000 mile air line around the world will now be made.

A message relayed by the cruiser Milwaukee, which for the past forty-eight hours has been cruising along the coast aiding the army advance, said that a safe harbor was available at Kungnat, in the same vicinity, for the supply ship and for hauling out the planes if ordinary repair was necessary.

AUTO HITS BUGGY AND THREE HURT

Father and Two Children Injured In Crash Near Nebraska City.

(Special to The Star.)

NEBRASKA CITY, Neb., August 7—William Janes and two children, the eldest three and a half years old, narrowly escaped death last night when a large automobile driven by D. J. Overton, insurance man of Auburn, struck the buggy in which they were crossing the King of Trails highway a mile south of the city, demolished the vehicle and threw the occupants out.

One of the children struck the windshield of the automobile and lodged on the engine hood, being rescued by a woman who was at the scene of the wreck. Janes and the two children were rushed to the Barr & Zimmerer hospital where it was found that he was suffering from a slight concussion of the brain and extensive scalp wounds. Both children escaped with slight bruises and scratches. They were later removed to their home near the packing plant where the father is employed.

Mr. Overton brought the injured to the hospital.

Overton was on his way to this city when the buggy in which the Janes were riding drove in front of his machine. The accident was an unavoidable one, it is declared.

ASKS REFUND.

In a communication filed with the city clerk Thursday, Ed Bond has asked the city council to pay him the principal and interest on three bonds which he says he lost or were stolen. Two of the bonds were for $354 each and the other for $178. The request was accompanied by a bond for $1,200 indemnifying the city against loss should the securities ever be presented for payment after he receives his money.

GERMANS AND ALLIES AGREE

Complete Understanding Is Reached At London On Manner In Which Defaults Are To Be Declared Under the Dawes Proposal.

FRENCH SPOKESMEN APPEAR SATISFIED

Ambassador Kellogg Approves Of French Proposal For Conference Of Finance Ministers Following Present Meeting.

(Associated Press.)

LONDON, August 7—The allies and the Germans have reached a complete agreement on the manner in which defaults are to be declared under the Dawes plan.

The council of fourteen today adopted the full text of the report of the first committee of the inter-allied conference. The council was to meet again at 5 p. m., to take up the report of the third committee.

The conference leaders on the allied side met first this morning and shortly afterward the Germans were admitted to take part in the discussion. It was decided to refer the question of amnesty for German nationals in the occupied territories to the conference jurists. An agreement on this subject is considered probable.

French circles expressed themselves quite satisfied with the morning meeting. They said the Germans presented their propositions in a moderate way and that the tone of the discussion was most courteous.

One of the French spokesmen asserted that many of the points put forward by the Germans were capable of adjustment and reconciliation with the agreements reached by the allies. It was said that in some instances only slight explanation seemed necessary to make the German and allied views coincide.

Plan Finance Parley.

LONDON, August 7—Ambassador Kellogg has written the secretary of the international conference, according to the Daily Chronicle, stating that representatives of the United States are in accord with the French proposal to hold a conference of finance minister in Paris after the closing of the meeting here.

The proposal was contained in resolutions submitted last Saturday for adoption by the allied delegates. The first of these resolutions pertains to the allocation of payments received from Germany since January 1, 1923, and to payments to be received during the first year the Dawes plan is in operation.

SAYS BUTLER NOT LAWFULLY NAMED

Swallow Protests Against Omaha Man As Progressive Candidate.

Hearing To Be Held Before Secretary Of State Next Week.

A formal protest against placing the name of Dan B. Butler on the ticket of the progressive party as its candidate for governor at the fall election has been filed by Harry C. Swallow, 2035 Euclid avenue, Lincoln, and will be heard by Secretary of State Pool on August 14 at 10:30 a. m.

Mr. Swallow challenges the legality of the filing made for Butler last week by J. L. Beebe and W. H. Green, and also questions Butler's affiliation with the progressive party. He says no delegate state convention of the party was held this year, and that no state committee was selected in the manner provided by statute. In any event, Swallow alleges, only three of the eight men holding membership on the body calling tiself the state committee were present at the meeting in Omaha when Butler was named for governor, and this action does not represent a majority expression.

Another objection raised by the Lincoln man, who says he is registered as a member of the progressive party and voted in its primary last April, is that the cerificate of nomination filed by Beebe and Green, as chairman and secretary of the committee, is not attested under oath, as the law requires.

Butler, he claims, has been affiliated for twenty years with the democratic party, is registered in Omaha as a democrat, and voted in the last democratic primary.

Under the "pretended "call" for a state convention issued by Beebe and Green, the protest says, 80 per cent of the bona fide members of the progressive party in Nebraska were excluded by clauses which barred everyone except "middle-of-the-roaders" from participation.

Not to exceed one or two county conventions were held, Mr. Swallow declares, and not more than three or four counties sent elected delegates to the state convention in Omaha, held May 1. He asks that the Butler filing be pronounced null and void.

The certificate, as prepared by Messrs. Green and Beebe, asserts that Butler "has publicly declared for Robert . La Follette and Wayne Wheeler." This would be interesting, if true, as Butler has always been classed as "wet" while Wayne Wheeler is the legal and political representative of the national anti-saloon league. It is supposed that Senator Burton K. Wheeler, vice-presidential candidate running with La Follette, is the man whom Beebe and Green had in mind.

Put In Solitary Confinement For Refusal To Work

"Houdini Jim" O'Leary, who was sentenced Wednesday to 15 years in the state penitentiary when he pleaded guilty to highway robbery.

Because of his well known jail breaking proclivities, O'Leary was taken immediately to the penitentiary.

Disciplinary measures were necessary on his first day there. He refused to work when brought to the factory and was locked up in solitary confinement.

"I'd rather be locked up for 15 years than go to work," he told Warden Fenton.

BITTER DEBATE OVER TREATY

Premier Macdonald Scores Initial Victory In His Plan To Complete Trading Pact With Russian Government.

(Associated Press.)

LONDON, Aug. 7.—The proposal of Prime minister Macdonald to sign forthwith the treaty between Great Britain and soviet Russia, drawn up by the Anglo-Russian conference yesterday, drew a vigorous attack from the opposition when debate was resumed in the house of commons today.

The premier refused to yield one inch to the onslaught and finally scored a victory when an amendment proposing adjournment of the house until tomorrow for further discussion was defeated, 157 to 77. The offensive of the opposition at times produced acrimonious language and bitter comments.

"I want to sign the treaty today," was Mr. Macdonald's challenging reply to his opponents. He added that the house would be free to consider the treaty, to amend it, to pass it, or reject it.

Light Showers Over Nebraska Wednesday Night

Showers fell over most of the state Wednesday evening and Thursday morning and the sky was still cloudy Thursday morning. Light showers were still falling at several points Thursday.

A half inch west of Hastings .67 at North Loup, and a half inch at several points on the McCook division of the Burlington were the heaviest rains. Lincoln had .03.

Hastings, York, David City, Wahoo, Greenwood, Ashland and Omaha all had showers, the telephone company said. Auburn and Nebraska City had a sprinkle.

Parts of the Lincoln division of the Burlington had light rains, it was reported Thursday morning. Some rain was reported along the line to Sioux City, Ia., heavier showers on the McCook division east of McCook and light showers west of McCook as far as Benkleman.

The official report of the weather bureau for the twenty-four hours ending at 8 a. m. Thursday is:

Ashland	.01	Valentine	.12
Culbertson	.11	Broken Bow	.03
Grand Island	.05	Fairbury	.02

Handle Hundreds Of Carloads Of Grain Every Day

Grain shipments on the Nebraska divisions of the Burlington took a slight slump Wednesday. Three hundred and seventy-six carloads are reported to have been loaded Wednesday. The shipments during the last two weeks have averaged in the neighborhood of 400 to 500 carloads a day. The heaviest shipments were on the Wymore division where 130 carloads were sent out.

Kiwanians Attend Picnic At Tecumseh

A group of Lincoln Kiwanis members went to Tecumseh Thursday where they wil take part in a southeastern Nebraska Kiwanis club picnic and outing. The party made the trip in autos and will return during the evening.

HEAVY DAMAGE DONE BY HAIL

Acres of Tomato and Cabbage Plants Destroyed In Hall County and a Large Greenhouse Badly Hit.

GRAND ISLAND, Aug. 7.—(A. P.)—A hail storm, destructive but limited to half a mile by two miles in area, visited a section a mile north of the city early Thursday, inflicting a fifty per cent loss on the entire Edwards greenhouse and truck farm. Two acres of tomato plants and two of cabbage were completely destroyed.

Other spots in central Nebraska were also visited by the hail, very destructive in small areas. Ord reports a hail visitation reaching from seven miles southwest of that city to the town. It lost intensity as it reached the city, but in some places corn and other crops not yet harvested, were completely destroyed. The damage in Ord was confined to electrolier globes and smaller windows.

North Nebraska Hit.

NORFOLK, Neb., Aug. 7.—Heavy damage was done in this vicinity by wind and rain in an electrical storm which was one of the worst ever striking this vicinity, yesterday. Trees were blown down, farm buildings wrecked and chimneys damaged.

The Worner Brothers place, west of Wisner, was hardest hit, every building on the farm being demolished. Hundreds of shade trees were blown down in town.

Livestock Killed.

(International News Service.)

WOODLAKE, Neb., Aug. 7.— A strip of land, two miles wide and ten miles long, near Marsh lake south of this town was a desolate waste of country today following one of the most severe hail storms within the memory of old Cherry county settlers.

The hail stones were unusually large and were driven with bullet-like force by a terrific gale which accompanied the storm. Roofs of houses in the storm area were pounded to pieces and all houses, barns and sheds will have to be re-shingled.

Considerable damage was occasioned through the loss of chickens, calves, horses and hogs, and thousands of game birds living in the Cherry county lake region were killed by the storm. At one lake farmers picked up 125 wild ducks that were killed by the hail and preserved in the ice until morning. Entire coveys of prairie chickens were also found beaten to a pulp.

Neal Provost, proprietor of the Woodlake hotel here, had a narrow escape from death or serious injury when he was caught in the storm but succeeded in making his way to shelter.

Damage Near Genoa.

News of serious damage to crops around Genoa in a hailstorm which swept that section at 8 o'clock Thursday morning was received in a long distance telephone message to State Trade and Commerce Secretary Knudson. His informant said that after the storm was over hailstones were lying 2 inches deep on the ground in some places. Cornfields were said to have been stripped, destroying the prospect of a fine crop. Mr. Knudson did not know how large an area had suffered from the hail.

BOARD CONSIDERS MEANS TO RAISE ASSEMBLY FUNDS

Deficit of From $1,500 to $2,500 Looms—Discuss Problem Friday.

Dr. Headland Speaks In Afternoon on "By-Products Of Civilization."

A deficit is facing officials of the Epworth assembly, it was stated Thursday morning, and the board of directors met in the morning and again in the afternoon to draw up a plan to raise funds. The plan will be ready for presentation Sunday, E. M. Avery, treasurer, said and it was probable that friends of the assembly would be asked for contributions. It is not certain whether the deficit will be a considerable amount, he said, with four days of the assembly yet to run. Total gate receipts should be about $10,000, C. A. Fulmer, president of the assembly, said, and Mr. Avery estimated the difference to be from $1,500 to $2,500.

Dr. Isaac T. Headland, head of the University of Peking, China, was to speak at 2:30 Thursday on "By-Products of Civilization." Bishop F. T. Keeney preached a sermon at 11 o'clock, and Dr. Irl Whitchurch held his last Bible conference of the assembly at 9 o'clock. If the conferences had continued another day it would have been necessary to hold them in the main auditorium, Mr. Fulmer said. The usual warm debate followed the lecture by Dr. Whitchurch Thursday morning.

Hold Meeting Friday.

Financial matters will be discussed at the delegated convention of the Nebraska Conference of the Epworth League that begins Friday morning and continues into Saturday. The problem of making expenses will be discussed and proposals for next year considered. It has been proposed that the assembly be moved to some smaller town, Mr. Fulmer said, but he thought it improbable that the move would be made.

WALTON VICTORY SEEMS ASSURED BY NEW RETURNS

Deposed Governor May Win Senatorial Nomination By 10,000 Plurality.

Paulen Holds Lead For G. O. P. Gubernatorial Nomination in Kansas.

(Associated Press)

OKLAHOMA CITY, Aug. 7.—Slowpiling up a lead over Congressman E. B. Howard, whom he passed late yesterday J. C. Walton, deposed governor, appeared today to have been nominated by Oklahoma democrats for United States senator to succeed Robert L. Owens.

Returns compiled by the Associated Press from Tuesday's primary showed Walton to be leading Howard by 4,084 votes, with but 729 of the 2,996 precincts in the state to be heard from.

C. J. Wrightsman, another candidate, conceded Walton's nomination, and the Daily Oklahoman of Oklahoma City, which has opposed Walton, predicted in today's issue that

TO MOVE AGAINST DAZZLING LIGHTS

City and County Officers To Take Action Against Menace.

Steps will soon be taken by all law enforcement officers of Lancaster county to lessen the glaring headlight menace. County Attorney Charles E. Matson has called upon city and county officers to make every effort to enforce the headlight law, which gives certain tests for the legalizing of the lights.

County and city officers recently conferred as to the most effective methods of enforcing this law. Chief of Police Johnstone is expected to issue a statement soon dealing with this subject.

Mr. Matson's statement of the headlight law is as follows:

"No portion of the beam of the reflected light when measured seventy-five feet or more ahead of the lamps shall rise above forty-two inches from the level surface on which the vehicle stands under all conditions except load. Spot lights shall not be used except when projecting their rays directly on the ground and at a distance not exceeding thirty feet in front of the vehicle."

Proper adjustment of headlights, the officers believe, would eliminate many of the dangerous and fatal accidents that are now happening.

Sisters-in-Law Beneficiaries In F. W. Hellwig Will

The will of Ferdinand W. Hellwig, former deputy city treasurer, whose death occurred recently in Los Angeles, was filed in probate court Thursday. The estate, of which the value is not given, is left chiefly to two sisters-in-law, Grace and Gertrude Aitken of Lincoln. An adopted daughter, Margaret Stevens or Hellwig, is the other chief beneficiary.

One-half of the estate is left to the Misses Aitken, to be divided between them.

The other half, with the exception of $100, is left to the adopted daughter.

Ferdy W. Hellwig, or Stevens, an adopted son, is left $100.

Administrators For Baker Estate Are Appointed By Court

Petitions for the administration of the estates of Harry W. Baker and his wife, Anna T. Baker, of Havelock, who were drowned in Colorado, were filed in probate court Wednesday. Special administrators were appointed because of the fact that the Baker Pharmacy, owned by the deceased couple, must be given attention. The special administrator acts until a regular administrator is appointed.

Escaped Trusties Still At Large

No trace had been found up to Thursday noon of the six trusties who escaped from the girls' industrial school at Geneva Tuesday night, according to the state law enforcement office.

Descriptions of the girls and the Ford truck, in which they are said to have made their get-a-way have been sent to county and local officers in the surrounding country.

The girls were: Ethel Mondon, and Alice Cumming of Omaha, Anna Krause of Falls City, Fay Leigh, Margaret Duffield and Dorothy Brown of Lincoln.

REST IN FALL TRIAL.

NEW YORK, Aug. 7.—Both sides rested their cases at noon today in the trial of William J. Fall, on a federal indictment charging him with bribing a juror in the trial of the Durrell-Gregory stock swindling case two years ago. Judge McClintick, then dismissed the jury until tomorrow.

SUES FORMER BANKERS FOR HALF MILLION

City National Charges Howey and Dunn With Misuse of Funds - - - Demands Accounting and Big Judgment.

The City National bank Thursday brought suit in District court against Loyal B. Howey and Lee J. Dunn, former president and vice president of that institution, asking for an accounting and for judgment for $500,000 or for such other and larger amount as the court might find to be due from the defendants to the plaintiff.

Charge Conspiracy.

In its petition the plaintiff alleges that at all times referred to the defendants were the owners of a majority of the capital stock of the bank and were in active control of its affairs. While thus in control and occupying such position of trust and such fiduciary relation, it is alleged the defendants, upon a date unknown to plaintiff entered into a conspiracy to use the assets of the bank for their own personal profit. Then follows a detailed list of enterprises and schemes in which the defendants are alleged to have unlawfully invested the funds of the plaintiff. The acts complained of are alleged to have extended over a period from early in 1916, up to and including 1921.

During this time and for the purpose of carrying out the alleged conspiracy, it is asserted that the defendants made use of various schemes artifices, devices and subterfuges, by which they made use of the funds, assets, credit and good name of the plaintiff, in speculative ventures for their personal use and profit, to the loss and damage of the plaintiff.

Refuse To Pay Losses.

Defendants are charged with having fraudulently concealed from plaintiff and the directors their interest in the transactions set forth in the petition, who had no notice of the same until December, 1920, when only temporary knowledge was obtained. On December 7, 1920, defendants admitted in writing their liability and made partial restitution; but they now repudiate their liability and refuse to enter into an accounting and pay the losses.

It is first alleged that the defendants and other persons organized, owned and operated the Sheridan Park Investment company for the purpose of dealing in real estate, defendants financing the venture by loaning plaintiff's funds to the company. The aggregate of such loans was in excess of ten per cent of the capital stock and surplus of the bank and they were in violation of the national banking act. Many of these loans were worthless and uncollectable, it is alleged.

It is next alleged that at a time unknown to plaintiff, defendants entered into an agreement with C. D. Matthews and William White for the purpose of dealing in Canada lands for the benefit of defendants and Matthews and White. Defendants, in violation of their duties agreed to finance these land deals with plaintiff's funds. Pursuant to this agreement lands were purchased and taken in the name of the Continental Land & Mortgage Co., and Conservative Loan & Investment Co., to which cor-

SMALLER CORN CROP FORECAST

Department Of Agriculture Report Indicates 2,576,000,000 Bushels To Be Raised — Larger Wheat Yield Predicted.

WASHINGTON, Aug. 7.—The corn crop this year was forecast today at 2,576,000,000 bushels and the combined winter and spring wheat crops placed at 814,000,000 bushels by the department of agriculture August crop report. Last year, 3,046,000,000 bushels of corn and 786,000,000 bushels of wheat were harvested.

The preliminary estimate of winter wheat production was announced as 589,000,000 bushsels, while the spring wheat forecast places that crop at 225,000,000 bushels, compared with forecasts of 543,000,000 of winter wheeat and 197,000,000 of spring wheat a month ago.

The production forecasts, based on conditions prevailing August 1, include: Oats, 1,439,000,000 bushels; hay (tame) 89,000,000 tons.

The condition of the crops on August 1 was announced as follows: Spring wheat 79.7 per cent of a normal, corn 70.7, oats 88.2, hay 84.4, pastures 84.0.

CALLES IN NEW YORK.

NEW YORK, Aug. 7.— General Plutarco Elias Calles, president-elect of Mexico, arrived today en route to Europe.

JACKSON NOW IN PRISON HOSPITAL

Howard Jackson, alleged burglar who has been in St. Elizabeth's hospital for about a month while a shattered leg was knitting, was to be moved Thursday afternoon to the hospital ward in the state penitentiary, where he will be held for safe keeping until he is sufficiently recovered to be arraigned on the charge under which he is held.

Jackson was shot in the right leg by Officers White and Goodwin when he was surprised in the act of burglarizing the George Arendt home.

Jackson served two years at Jefferson City, Mo., under a charge of second degree burglar, according to police information. There he was known as William Palmer, allas Thomas Wilson. He was given an indeterminate sentence in the Stillwater, Minn., penitentiary in 1915 and Dec. 3, 1921, was held by the Dallas, Tex., police on a burglary charge. He gave the name of George Wilson at Dallas, the records indicate.

The local officers also found that Jackson had been in Lincoln about two weeks before he was arrested.

SOCIETY

WEDDING OF UNI STUDENTS TAKES PLACE IN SUPERIOR.

A wedding of interest in university circles took place last Saturday morning in Superior at the home of Mr. and Mrs. John M. Silver when their daughter, Elsie, became the bride of Edward A. Frerichs of Lincoln, son of Mr. and Mrs. John Frerichs of Talmage.

Preceding the ceremony Mrs. G. W. Rosenlof of Lincoln sang "For You" and "Because" with Miss Helen Shepard at the piano. As Miss Shepard played the Lohengrin wedding music the members of the wedding party entered the living room and took their places before a bower of greenery inset with summer garden flowers. Mrs. Edward Howell of Long Beach, Cal., was matron of honor. The groom was attended by Asa Hepperly of Lincoln. The marriage service was read by Rev. W. A. Mulligan, rector of Christ church of Beatrice.

The bride wore a frock of embroidered net over cream satin and carried a shower bouquet of Ophelia roses.

A wedding breakfast was served after the ceremony. The bride and groom left immediately afterward for a sojourn at Spirit Lake, Ia., and after Sept. 1 will be at home in Lincoln at the Madison apartments.

The bride is a member of the senior class of the university and belongs to Phi Omega Pi sorority. She is president of the Gamut club of the teachers college.

The groom is a graduate of the university and belongs to Farm House fraternity. He is connected with the Security Mutual Insurance company of Lincoln.

Among the wedding guests were Mr. and Mrs. John M. Frerichs, parents of the groom, Misses Anna and Alma Frerichs, Herman Frerichs of Talmage; Mr and Mrs. W. S. Frerichs, Mr. and Mrs. Fred Nohavec, Ross Perrin and Ernest Atkinson of Lincoln; Mr. and Mrs. C. A. Atkinson and Miss Clare Atkinson of Pawnee City; Miss Rosalie Platner of Omaha; Mrs. Clare Conlee, Mrs. Mabel Penrod, Miss Clara Penrod and B. H. Conlee of Beatrice; Mr. and Mrs. O. G. Soeken and family of Ellenwood, Kas

VERA ANDERSON BRIDE OF LESLIE L. WHEALY.

The home of Mr. and Mrs. J. N. Anderson of University Place was the scene of a charmingly arranged summer wedding last evening when their daughter, Vera, became the bride of Leslie L. Whealy, son of Mr. and Mrs. Andrew Whealy of Madison, S. D. Rev. W. L. Dibble of Mason City, Ia., uncle of the bride, was the officiating clergyman and read the marriage lines in the presence of sixty guests.

Pink roses, gladioli and ferns attractively decorated the rooms which were lighted in soft candle light. The bride came down the stairway, through the double doorways, outlined with ferns and summer garden flowers and into the living room where the ceremony was solemnized beneath an archway of ferns and pink roses against a background of ferns and flowers. On eithre side stood floor baskets filled with gladioli and the only light came from white tapers in candelabra. Miss Edith Briscoe of Wilcox, Ariz., was the bride's maid of honor. She wore a frock of green georgette and carried pink roses. Lois Wadlow wearing a dainty frock of lavender organdie, was flower girl. Willard Anderson of Tombstone, Ariz., brother of the bride, served as best man. The bride was gowned in yellow georgette and carried a shower bouquet of bride's roses.

Preceding the ceremony, Miss Helen Beck of Cheyenne, Wyo., sang "At Dawning" and "I Love You Truly," Mrs. Cecil Wadlow, a cousin of the bride, was at the piano and also played the Lohengrin wedding march as the wedding party entered.

An informal reception followed the ceremony. The guests were introduced by Miss Vera Clark of Fairbury and Miss Ruth Ziggafoos. Miss Laura Holderness had charge of the guest book and assisted in the gift room. Miss Edith Cole presided over the punch bowl and assisting in serving in the dining room were Misses Lucile McVey, Rose Roberts and Louise Sandstrom.

Mr. and Mrs. Whealy left last evening to motor to South Dakota and will spend several weeks at the lakes and visiting Mr. Whealy's parents in Madison. Following their return they will go to Lodgepole to make their home where Mr. Whealy will be superintendent of schools.

Mrs. Whealy is a graduate of Wesleyan university where she became a member of Delta Phi sorority. Mr. Whealy was graduated from the state university with the class of 1924.

DOROTHY RAYMOND RETURNS FROM SUMMER STUDY.

Miss Dorothy Raymond returned home this week from Columbia, Mo., where she spent ten weeks in voice study under Herbert Wall, head of the voice department of the University of Missouri. Mr. Wall recently returned from a year's study in Nice, France, under Oscar Seagle and Jean de Reszke. He came to the University of Missouri to become head of the voice department in accordance with the wishes of Dr. Stratton D. Brooks, the new president of the University of Missouri, with whom he was associated during the time Dr. Brooks was president of the University of Oklahoma at Norman.

Mr. Wall is a brother of Roy Wall of the University School of Music.

W. J. HILLER ENTERTAINS AT DINNER A CLUB.

W. J. Hiller will entertain at dinner this evening at the Country club. Mid-summer garden flowers will grace the table where covers will be laid for twelve. Bridge will be played following the dinner.

Saturday evening of this week Mrs Hiller will entertain sixteen guests at dinner at the Saturday night dinner dance at the club in honor of Dr. and Mrs. Roy Herbert Whitham, who returned Wednesday from their wedding trip to Colorado. Mrs. Whitham was formerly Miss Eleanore Fogg and her marriage to Dr. Whitham of Boston was an interesting event of July. Dr. and Mrs. Whitham will leave next week for Boston. Among the guests will be Mr. and Mrs. Ted Lonam of Beatrice and Mr. and Mrs. Carroll Sherman of Fremont.

DINNER IN HONOR OF DR. AND MRS. FRECH.

The Lincoln Osteopaths' association entertained at dinner last evening at the Grand hotel in honor of Dr. E. H. Frech and his bride, who arrived in Lincoln last week. Mrs. Frech was formerly Miss Mary Schwitzer of Delaware, O. Covers were laid for twenty-four guests.

HOME FROM TOUR OF YELLOWSTONE PARK.

Mrs. D. H. O'Shea and daughters, June and Dorothy, returned yesterday from a ten days' trip through Yellowstone park. The trip home was made by way of Colorado stopping for a visit in Denver and to places of interest near there.

Personals.

Miss Alice Hussong left today for a week end visit with friends at Morrowville, Kas.

Miss Marjorie Wright left Tuesday afternoon for Columbus where she will visit friends.

Mr. and Mrs W. J. McHugh and little daughter, Regina, motored from their home in Marshall, Mo., to Lincoln and are the guests of Mr. and Mrs. J. M. Abbott, 3146 P street. Mrs. McHugh was Miss Irene Abbott before her marriage.

Alfred J. Hanapel of Lincoln left yesterday with his sister, Miss Rose Hanapel of Chicago for a two weeks' vacation trip through Yellowstone park.

Miss Jane O'Shea was forced to return from Yellowstone park on account of a severly ruptured ankle. She had planned to visit her sister, Mrs. Charles E. Leech at Berkeley, Cal., but was unable to continue her journey.

Diller-Lincoln club will meet Tuesday of next week at 2 o'clock at the home of Mrs. F. F. McAtee, 2834 Starr street, instead of tomorrow which is the regular meeting day.

J. O. C. club meets for 1 o'clock luncheon Saturday with Mrs. A. Gardner, 1221 J street.

"The Woman On the Jury" a Dramatic Thunderbolt at the Rialto Today, Friday and Saturday.

Eleven against one! Eleven men, men of the world, some proud, some weak, some strong, against a woman fighting to save another woman. And the task, they must pass judgment on a woman's sin! Is it as fair to ask a woman to judge another woman's sin as it is to ask one man to judge another man? "The Woman on the Jury" is a gripping picture sure to bring tears. And the cast, well read for yourself. Frank Mayo, Sylvia Breamer, Henry Walthal, Mary Carr, Lew Cody, Bessie Love, Roy Stewart, Myrtle Stedman, Hobart Bosworth and Ford Sterling. Good comedy, news and topical features and Fuller's Concert Company in a new program of songs and music.

Go Early If You Wish to Secure a Seat And See Harold Lloyd in "Girl Shy" at the Colonial This Week.

Crowds! Crowds!! Crowds!!! Harold Lloyd is taxing the capacity of the Colonial this week in his latest earthquake of mirth, thrills and laughter, "Girl Shy." Don't miss seeing this prince of merry-makers in seven reels of Una-Lloyd happiness, also the stirring tale of the West, "Lost, Strayed or Stolen."

ROACHES LIVE YEARS
A cockroach may live five years. He's a hardy pest, but there's one way to give him a speedy death. He breathes through tiny pores, and one whiff of El Vampiro kills him. There's none of the mess nor danger of poison powder or liquid. A few puffings through the house will kill every fly and bug. Rid chickens, plants and pets of insect pests. El Vampiro is in the YELLOW bellows box at the nearest store. Two sizes, 10c and 30c, and a big sifter-top can for $1.25. There's liquid El Vampiro, too, for flies. It's just as potent. SOCIETY

WEDDING OF UNI STUDENTS TAKES PLACE IN SUPERIOR.

A wedding of interest in university circles took place last Saturday morning in Superior at the home of Mr. and Mrs. John M. Silver when their daughter, Elsie, became the bride of Edward A. Frerichs of Lincoln, son of Mr. and Mrs. John Frerichs of Talmage.

Preceding the ceremony Mrs. G. W. Rosenlof of Lincoln sang "For You" and "Because" with Miss Helen Shepard at the piano. As Miss Shepard played the Lohengrin wedding music the members of the wedding party entered the living room and took their places before a bower of greenery inset with summer garden flowers. Mrs. Edward Howell of Long Beach, Cal., was matron of honor. The groom was attended by Asa Hepperly of Lincoln. The marriage service was read by Rev. W. A. Mulligan, rector of Christ church of Beatrice.

The bride wore a frock of embroidered net over cream satin and carried a shower bouquet of Ophelia roses.

A wedding breakfast was served after the ceremony. The bride and groom left immediately afterward for a sojourn at Spirit Lake, Ia., and after Sept. 1 will be at home in Lincoln at the Madison apartments.

The bride is a member of the senior class of the University and belongs to Phi Omega Pi sorority. She is president of the Gamut club of the teachers college.

The groom is a graduate of the university and belongs to Farm House fraternity. He is connected with the Security Mutual Insurance company of Lincoln.

Among the wedding guests were Mr. and Mrs. John M. Frerichs, parents of the groom, Misses Anna and Alma Frerichs, Herman Frerichs of Talmage; Mr. and Mrs. W. S. Frerichs, Mr. and Mrs. Fred Nohavec, Ross Perrin and Ernest Atkinson of Lincoln; Mr. and Mrs. C. A. Atkinson and Miss Clare Atkinson of Pawnee City; Miss Rosalie Platner of Omaha; Mrs. Clare Conlee, Mrs. Mabel Penrod, Miss Clara Penrod and B. H. Conlee of Beatrice; Mr. and Mrs. O. G. Soeken and family of Ellenwood, Kas.

VERA ANDERSON BRIDE OF LESLIE L. WHEALY.

The home of Mr. and Mrs. J. N. Anderson of University Place was the scene of a charmingly arranged summer wedding last evening when their daughter, Vera, became the bride of Leslie L. Whealy, son of Mr. and Mrs. Andrew Whealy of Madison, S. D. Rev. W. L. Dibble of Mason City, Ia., uncle of the bride, was the officiating clergyman and read the marriage lines in the presence of sixty guests.

Pink roses, gladioli and ferns attractively decorated the rooms which were lighted in soft candle light. The bride came down the stairway, through the double doorways, outlined with ferns and summer garden flowers and into the living room where the ceremony was solemnized beneath an archway of ferns and pink roses against a background of ferns and flowers. On either side stood floor baskets filled with gladioli and the only light came from white tapers in candelabra. Miss Edith Briscoe of Wilcox, Ariz., was the bride's maid of honor. She wore a frock of green georgette and carried pink roses. Lois Wadlow wearing a dainty frock of lavender organdie, was flower girl. Willard Anderson of Tombstone, Ariz., brother of the bride, served as best man. The bride was gowned in yellow georgette and carried a shower bouquet of bride's roses.

Preceding the ceremony, Miss Helen Beck of Cheyenne, Wyo., sang "At Dawning" and "I Love You Truly," Mrs. Cecil Wadlow, a cousin of the bride, was at the piano and also played the Lohengrin wedding march as the wedding party entered.

An informal reception followed the ceremony. The guests were introduced by Miss Vera Clark of Fairbury and Miss Ruth Ziggafoos. Miss Laura Holderness had charge of the guest book and assisted in the gift room. Miss Edith Cole presided over the punch bowl and assisting in serving in the dining room were Misses Lucile McVey, Rose Roberts and Louise Sandstrom.

Mr. and Mrs. Whealy left last evening to motor to South Dakota and will spend several weeks at the lakes and visiting Mr. Whealy's parents in Madison. Following their return they will go to Lodgepole to make their home where Mr. Whealy will be superintendent of schools.

Mrs. Whealy is a graduate of Wesleyan university where she became a member of Delta Phi sorority. Mr. Whealy was graduated from the state university with the class of 1924.

DOROTHY RAYMOND RETURNS FROM SUMMER STUDY.

Miss Dorothy Raymond returned home this week from Columbia, Mo., where she spent ten weeks in voice study under Herbert Wall, head of the voice department of the University of Missouri. Mr. Wall recently returned from a year's study in Nice, France, under Oscar Seagle and Jean de Reszke. He came to the University of Missouri to become head of the voice department in accordance with the wishes of Dr. Stratton D. Brooks, the new president of the University of Missouri, with whom he was associated during the time Dr. Brooks was president of the University of Oklahoma at Norman.

Mr. Wall is a brother of Roy Wall of the University School of Music.

W. J. HILLER ENTERTAINS AT DINNER A CLUB.

"The Woman On the Jury" a Dramatic Thunderbolt at the Rialto Today, Friday and Saturday.

Eleven against one! Eleven men, men of the world, some proud, some weak, some strong, against a woman fighting to save another woman. And the task, they must pass judgment on a woman's sin! Is it as fair to ask a woman to judge another woman's sin as it is to ask one man to judge another man? "The Woman on the Jury" is a gripping picture sure to bring tears. And the cast, well read for yourself, Frank Mayo, Sylvia Breamer, Henry Walthal, Mary Carr, Lew Cody, Bessie Love, Roy Stewart, Myrtle Stedman, Hobart Bosworth and Ford Sterling. Good comedy, news and topical features and Fuller's Concert Company in a new program of songs and music.

INSURANCE COST NOT UPON STATE

Life Policies For Guardsmen To Be Paid For By Men Insured.

Eastern Company May Issue Blanket Policy For The Entire Guard.

No expenditure of state funds is involved in the scheme of an eastern company to insure the lives of 1,00 officers and members of the Nebraska national guard under a blanket contract at greatly reduced premium rates and without medical examination, Governor Bryan informed newspaper men Thursday.

The governor talked on the long distance telephone with Adjutant General H J Paul at the Ashland camp relative to the published dispatch saying that an application had been signed by Paul for insurance of this kind aggregating $4,000,000. The company, coming from New York, indicated that the state was paying for the life insurance policies.

General Paul confirmed the report. It is to negotiations being in progress but told the governor that no draft on the state treasury was contemplated. If the arrangement is entered into he said the amount due for premium on each guardsman's policy would be deducted from the pay he receives from the federal government with the understanding that anyone who does not desire the insurance will not be required to take it.

The group insurance plan as outlined will allow $2,000 of insurance on the lives of privates, $3,000 for non commissioned officers and $5,000 for commissioned officers. Privates and non coms will be eligible for $1,000 of additional insurance up to the limit of $5,000 each time they re enlist.

Same Rate for Each Man

The same rate will be charged for each man regardless of his age or occupation. Visiting nurse service will be furnished the company with out cost to the guardsmen in any community where it maintains such service.

M A Hyde chairman of the insurance subdivision of the Lincoln chamber of commerce said he saw no objection to the plan provided it is made to cover all members of the national guard. He thought however that if any of the guardsmen elect not to take the insurance the whole proposition might be subject to annulment by the state insurance bureau as being a departure from the accepted basis of group insurance given class.

The blanket insurance plan is being explained to the guardsmen while they are in camp at Ashland by representatives of the company proposing to issue the policies.

Adjutant General Paul will be designated as an employer in order to carry the scheme through.

"HOUDINI JIM" GETS 15-YEAR TERM IN PRISON

O'Leary Given Limit When He Pleads Guilty to Highway Robbery.

Houdini Jim is again in prison. James O'Leary 34 whose home is in Chicago but whose address is anywhere pleaded guilty to highway robbery before District Judge Stewart Wednesday afternoon and was given the limit—15 years in the state penitentiary.

"Goodbye Judge" he called as he left the courtroom.

"By the way" Judge Stewart asked "have you ever been in the pen before?"

"Yes" O'Leary answered "I've been in four or five of em—and I got out of one of the hardest stirs in the country too."

Then as an afterthought:

"And I'll get out of this one too."

His left wrist was handcuffed to that of Deputy Sheriff Ward and when he entered the courtroom he wore leg shackles jammed because O'Leary had been working on them 24 hours in an effort to gain freedom.

The officers took no chances with O'Leary. Monday he broke away from the county jail by slipping through the door and fleeing while other prisoners were being brought in. He was soon recaptured because according to O'Leary he ran out of wind after he had run three blocks.

Deciding that the county jail was not strong enough to hold him the officers took O'Leary to the city jail. There as a further precaution they put leg irons on him.

Fails To Open Lock

For twenty four hours O'Leary worked at these shackles pushing a safety pin and a piece of a nail—where he got them no one knows—into the keyhole.

The lock was so jammed Wednesday when the officers went for him that it was necessary to call a locksmith to remove the irons.

"I'd have had them off if they'd let me alone" O'Leary said. "If it wasn't for them I'd have been outside that jail in two hours. And I didn't have a thing to help me."

RUSSIAN QUARTET SCORES SUCCESS

Rather harsh and severe but with a bright flame of clearest music running through were the Russian numbers of the Russian Cathedral quartet at the Epworth assembly Wednesday afternoon and evening. The late Czar Nicholas interested himself in these singers and had them placed in the Cathedral of St Peter and St Paul in Petrograd. They have been appearing in concert work in this country since the revolution.

With the exception of one English number the music seemed untamed triumphant pagan as though it were the exultations of people before religion became to ... ized. The men's voices blended in a thrilling volume of tone which left the audience stirred and impressed. Their Russian peasant holiday costumes added to the atmosphere of their singing giving a proper background for their rousing songs.

The program was divided into three parts: Russian church songs "Praise the Name of the Lord" and "Blessed is the Man"; Russian folk songs which are sung after a hard day's work and Russian peasant songs sung when they go into the woods to frighten off the animals. The peasant songs rollicking and gay especially pleased the audience as did one encore in English "Believe Me if all those Endearing Young Charms."

The quartet was accompanied by Jacob Hanneman. Unaccompanied in the religious chants Mr Hanneman's accompaniments in the other groups gave perfect support for the quartet's achievements. Mr Hanneman gave two numbers "The Bat" and "Jubal's Dance."

In the evening the quartet appeared in Russian Cathedral costumes for their first group the first number of which was "The Lord is My Shepherd" sung in the Russian chant.

During the evening performance several solos were sung by three of the quartet members the second tenor the baritone and the bass. The ensemble numbers for the most part were given in Russian but a number of the solos were sung in English and the enunciation of each singer was very nearly perfect. The second tenor gave a Russian wedding song for one of his solos followed by "Somewhere a Voice is Calling" and "Lassie o Mine" by E J Walt. For one of its numbers in English the quartet gave "The Rosary" by Nevin no doubt the most familiar numbers to the audience.

Jacob Hanneman pianist gave four numbers in the evening. His first was Liszt's Hungarian Rhapsodie No 11 followed by a short encore number by MacDowell, "Liebestraum" by Liszt followed by a Beethoven Exercise was given as Mr Hanneman's second group.

FOUR REMAIN IN TENNIS TOURNEY

Mahood, Archard, Elliott and Ellis Survive Morning Play.

Harry Ellis of Holdrege and three Lincoln players Don Elliott Fred Archard and Paul Mahood went into the semi finals of the Nebraska state tennis tournament this morning in a series of quarter final matches played on the University of Nebraska courts. Semi finals in the singles will be played Friday afternoon while the semi finals of ... was staged in the morning.

Ellis of Holdrege disposed of C L Young of York in the most stubbornly contested match of the morning program 3-6 7-5 6-... Young's steady bombardment of placements gained him the first set 6-3. In the second set Ellis was trailing 2-4 in the game count but braced and came from behind to win five games and take the set 7-5. Ellis took the net and won the deciding set in short order.

Don Elliott present state champion outplayed Ralph Newell of Omaha and won his match in straight sets 6-1 6-1. Elliott whose game has shown a marked improvement in the last two weeks was using his chop ... he effectively passing the Omaha ... continually.

Mathewson on Short End

Fred Arcard disposed of Charles Mathewson of Walthill in straight sets 6-3 6-4. Archard's work at the net featured the game. Mathewson took his stand in the back court during the opening set but found difficulty in getting his drives to working.

Paul Mahood was forced to battle an uphill fight to win from Jo ... Calvert veteran racqueteer of York. Mahood won 6-8 6-3 6-4. Calvert drew Mahood off his usual driving smashing game in the first set and ran through three games and held a ... advantage before Mahood rallied to knot the game count. Calvert however was ... for the set and won 8-6.

In the next two sets Mahood changed to a smashing game and grabbed the match by winning the last sets 6-3 6-4.

In the junior semi finals Tom ... of West Point beat Stanton Kennedy of Omaha 6-... 3-6 6-3. In a second round match Leon Thomas of Lincoln defeated Ben Anderson of ... 6-... 6-4.

SERIOUSLY HURT UNDER A TRAIN

William Fox 28 Cheyenne Wyo sustained serious injury to his right leg when he fell beneath a moving Burlington freight in the Milford yards Wednesday afternoon. Fox was brought to St Elizabeth's hospital where his right leg was amputated just below the knee Wednesday night according to Dr C I Fahnestock physician for the Burlington. Fox is improving Dr Fahnestock stated.

According to the story told by Fox he was attempting to board the freight when he was struck by a reel thrown by another man. Fox accuses Charles A Halpine of Groton S D but gives no explanation of the accusation.

A farmer witnessed the ... and telephoned to the station agent. The train crew was unaware of it. He was brought to Lincoln on No 40 and taken to the hospital in Splain and Schnell's ambulance. Halpine was arrested by a special agent and will be brought to Lincoln, according to officials.

Fox says his father is a farmer living near Cheyenne.

Charge Hastings Man Made Attempt To Commit Murder

INDEPENDENCE Ia Aug 7—William Elder 27 of Hastings Neb is in the county jail here charged with assault with intent to commit murder. He was arrested following a shooting at the state hospital for the insane during which Elder is alleged to have fired at one of the supervisors after attempting to see R A Stewart superintendent to collect money he claimed was due him. He formerly was employed at the hospital.

Given Five Years On Forgery Charge

Vincent Salvatierra 24 was sentenced to serve 5 years in the state penitentiary Wednesday for forgery. He pleaded guilty some time ago but asked that sentence be deferred until later so that he might write to his father.

He claimed that his father was a wealthy official in the Philippines.

Salvatierra was said to have passed a check on Magee's.

GOMPERS REFUSES CONFERENCE WITH DEMOS' NOMINEE

(Associated Press)

ATLANTIC CITY N J Aug 7—Samuel Gompers president of the American Federation of Labor said last night that John W Davis democratic nominee for president sought a conference with the labor leader in New York July 17 and later requested Mr Gompers to file with him a statement of questions which labor is chiefly interested in.

The conference was impossible said Mr Gompers because of a conflicting engagement. The request was denied he added because he could not submit questions to Mr Davis "which would not be equally submitted to other candidates for the presidency."

That Mr Davis had communicated with Mr Gompers was revealed in a letter the federation leader wrote William B Wilson former secretary of labor and at present a staff member of the democratic national committee at Washington.

The reply was to one received from Mr Wilson by the executive council of the American Federation of Labor urging that it defer endorsing La Follette until Mr Davis delivered his notification speech.

LODGE DECLARES BRYAN A MENACE

NAHANT Mass Aug 7—Senator Henry Cabot Lodge in an address dictated from his sick bed and made public here warns republicans against what he terms the calamity of Governor Charles W Bryan becoming president as he said is very likely to happen if Coolidge fails to receive a majority of the electoral vote and the election is thrown into congress.

Senator Lodge declared a deadlock probable in the house and that if the election came to the senate it is quite possible that the two farmer labor senators and others listed as republicans would vote with the democrats and elect Bryan. The address was released only for press publication.

INSURANCE COST NOT UPON STATE

Life Policies For Guardsmen To Be Paid For By Men Insured.

Eastern Company May Issue Blanket Policy For The Entire Guard.

No expenditure of state funds is involved in the scheme of an eastern life company to insure the lives of 1,700 officers and members of the Nebraska national guard under a blanket contract, at greatly reduced premium rates and without medical examination, Governor Bryan informed newspaper men Thursday.

The governor talked on the long distance telephone with Adjutant General H. J. Paul at the Ashland camp, relative to a published dispatch saying that an application had been signed by Paul for insurance of this kind, aggregating $4,000,000. The story coming from New York indicated that the state was paying for the life insurance policies.

General Paul confirmed the report as to negotiations being in progress, but told the governor that no draft on the state treasury was contemplated. If the arrangement is entered into, he said, the amount due for premium on each guardsman's policy would be deducted from the pay he receives from the federal government, with the understanding that anyone who does not desire the insurance will not be required to take it.

The group insurance plan as outlined will alow $2,000 of insurance on the lives of privates, $3,000 for non-commissioned officers, and $5,000 for commissioned officers. Privates and non-coms will be eligible for $1,000 of additional insurance, up to the limit of $5,000, each time they re-enlist.

Same Rate for Each Man.

The same rate will be charged for each man, regardless of his age or occupation. Visiting nurse service will be furnished the company without cost to the guardsmen in any community where it maintains such service.

M. A. Hyde, chairman of the insurance subdivision for the Lincoln chamber of commerce, said he saw no objection to the plan, provided it is made to cover all members of the national guard. He thought, however, that if any of the guardsmen elect not to take the insurance, the whole proposition might be subject to annulment by the state insurance bureau as being a departure from the accepted basis of group insurance, which includes all members of a given class.

The blanket insurance plan is being explained to the guardsmen while they are in camp at Ashland, by representatives of the company proposing to issue the policies.

Adjutant General Paul will be designated as an "employer," in order to carry the scheme through.

"HOUDINI JIM" GETS 15-YEAR TERM IN PRISON

O'Leary Given Limit When He Pleads Guilty to Highway Robbery.

"Houdini Jim" is again in prison.

James O'Leary, 34, whose home is in Chicago but whose address is anywhere, pleaded guilty to highway robbery before District Judge Stewart Wednesday afternoon and was given the limit—15 years in the state penitentiary.

"Goodbye Judge," he called, as he left the courtroom.

"By the way," Judge Stewart asked, "have you ever been in the pen before?"

"Yes," O'Leary answered. 'I've been in four or five of 'em—and I got out of one of the hardest 'stirs' in the country too."

Then, as an afterthought:

"And I'll get out of this one too."

His left wrist was handcuffed to that of Deputy Sheriff Ward and when he entered the courtroom he wore leg shackles—jammed because O'Leary had been working on them 24 hours in an effort to gain freedom.

The officers took no chances with O'Leary. Monday he broke away from the county jail by slipping through the door and fleeing while other prisoners were being brought in. He was soon recaptured, because, according to O'Leary, he ran out of wind after he had run three blocks.

Deciding that the county jail was not strong enough to hold him, the officers took O'Leary to the city jail. There, as a further precaution, they put leg irons on him.

Fails To Open Lock.

For twenty-four hours O'Leary worked at these shackles, pushing a safety pin and a piece of a nail—where he got them no one knows—into the keyhole.

The lock was so jammed Wednesday when the officers went for him that it was necessary to call a locksmith to remove the irons.

"I'd have had them off if they'd let me alone," O'Leary said. "If it wasn't for them I'd have been outside that jail in two hours. And I didn't have a thing to help me."

GOMPERS REFUSES CONFERENCE WITH DEMOS' NOMINEE

ATLANTIC CITY, N. J., Aug. 7.—Samuel Gompers, president of the American Federation of Labor, said last night that John W. RUSSIAN QUARTET SCORES SUCCESS

Rather harsh and severe, but with a bright flame of clearest music running through, were the Russian numbers of the Russian Cathedral quartet at the Epworth assembly Wednesday afternoon and evening. The late Czar Nicholas interested himself in these singers and had them placed in the Cathedral of St. Peter and St. Paul in Petrograd. They have been appearing in concert work in this country since the revolution.

With the exception of one English number, the music seemed untamed, triumphant, pagan, as though it were the exultations of people before religion became formal and men civilized. The men's voices blended in a thrilling volume of tone, which left the audience stirred and impressed. Their Russian peasant holiday costumes added to the atmosphere of their singing, giving a proper background for their rousing songs.

The program was divided into three parts, Russian church songs, "Praise the Name of the Lord" and "Blessed is the Man." Russian folk songs, which are sung after a hard day's work, and Russian peasant songs, sung when they go into the woods to frighten off the animals. The peasant songs, rollicking and gay, especially pleased the audience, as did one encore in English, "Believe Me if all those Endearing Young Charms."

The quartet was accompanied by Jacob Hanneman. Unaccompanied in the religious chants, Mr. Hanneman's accompaniments in the other groups gave perfect support for the quartet's achievements. Mr. Hanneman gave two numbers, "The Bat" and "Jubal's Dance."

In the evening the quartet appeared in Russian Cathedral costumes for their first group, the first number of which was "The Lord is My Shepherd," sung in the Russian chant.

During the evening performance several solos were sung by three of the quartet members, the second tenor, the baritone and the bass. The ensemble numbers for the most part were given in Russian, but a number of the solos were sung in English, and the enunciation of each singer was very nearly perfect. The second tenor gave a Russian wedding song for one of his solos, followed by "Somewhere a Voice is Calling," and "Lassie o'Mine," by E. J. Walt. For one of its numbers in English, the quartet gave "The Rosary" by Nevin, no doubt the most familiar numbers to the audience.

Jacob Hanneman, pianist, gave four numbers in the evening. His first was Liszt's Hungarian Rhapsodie No. 11, followed by a short encore number by MacDowell. "Liebestraum" by Liszt, followed by a Beethoven "Exercise," was given as Mr. Hanneman's second group.

FOUR REMAIN IN TENNIS TOURNEY

Mahood, Archard, Elliott and Ellis Survive Morning Play.

Harry Ellis of Holdrege and three Lincoln players, Don Elliott, Fred Archard and Paul Mahood, went into the semi-finals of the Nebraska state tennis tournament this morning in a series of quarter-final matches played on the University of Nebraska courts. Semi-finals in the singles will be played Friday afternoon while the semi-finals of the doubles will be staged in the morning.

Ellis of Holdrege disposed of C. L. Young of York in the most stubbornly contested match of the morning program, 3-6, 7-5, 6-2. Young's steady bombardment of placements gained him the first set, 6-3. In the second set, Ellis was trailing 2-4 in the game count but braced and came from behind to win five games and take the set, 7-5. Ellis took the net and won the deciding set in short order.

Don Elliott, present state champion, outplayed Ralph Newell of Omaha and won his match in straight sets, 6-1, 6-1. Elliott, whose game has shown a marked improvement in the last two weeks, was using his chop stroke effectively, passing the Omahan continually.

Mathewson on Short End.

Fred Archard disposed of Charles Mathewson of Walthill in straight sets, 6-3, 6-4. Archard's work at the net featured the game. Mathewson took his stand in the back court during the opening set but found difficulty in getting his drives to working.

Paul Mahood was forced to battle an uphill fight to win from John Calvert, veteran racqueteer of York. Mahood won, 6-8, 6-3, 6-4. Calvert drew Mahood off his usual driving, smashing game in the first set and ran through three games and held a 5-2 advantage before Mahood rallied to knot the game-count. Calvert, however, was good for the set and won, 8-6.

In the next two sets Mahood changed to a smashing game and grabbed the match by winning the last sets, 6-3, 6-4.

In the junior semi-finals, Tom Elliott of West Point beat Stanton Kennedy of Omaha, 6-2, 3-6, 6-3. In a second round match, Leon Thomas of Lincoln defeated Ben Anderson of College View, 6-8, 6-1, 6-4.

SERIOUSLY HURT UNDER A TRAIN

William Fox, 28, Cheyenne, Wyo., sustained serious injury to his right leg when he fell beneath a moving Burlington freight in the Milford yards Wednesday afternoon. Fox was brought to St. Elizabeth's hospital where his right leg was amputated just below the knee Wednesday night, according to Dr. C. L. Fahnestock, physician for the Burlington. Fox is improving, Dr. Fahnestock stated.

According to the story told by Fox, he was attempting to board the freight when he was struck by a rock thrown by another man. Fox accuses Charles A. Halpine, of Groton, S. D., but gives no explanation of the accusation.

A farmer witnessed the accident and telephoned to the station agent. The train crew was unaware of it. He was brought to Lincoln on No. 40 and taken to the hospital in Splain and Schnell's ambulance. Halpine was arrested by a special agent and will be brought to Lincoln, according to officials.

Fox says his father is a farmer living near Cheyenne.

Charge Hastings Man Made Attempt To Commit Murder

INDEPENDENCE, Ia., Aug. 7.—William Elder, 27, of Hastings, Neb., is in the county jail here charged with assault with intent to commit murder. He was arrested, following a shooting at the state hospital for the insane during which Elder is alleged to have fired at one of the supervisors after attempting to see R. A. Stewart, superintendent, to collect money he claimed was due him. He formerly was employed at the hospital.

Given Five Years On Forgery Charge

Vincent Salvatierra, 24, was sentenced to serve 5 years in the state penitentiary Wednesday for forgery. He pleaded guilty some time ago but asked that sentence be defrerred until later so that he might write to his father.

He claimed that his father was a wealthy official in the Philippines.

Salvatierra was said to have passed a check on Magee's.

THE CROP OUTLOOK

Continued reports from all sections of Nebraska substantiate the statement that this state is harvesting one of its greatest wheat crops. Yields of from 35 to 40 bushels per acre with a few exceptional fields of 50 bushels per acre of high quality wheat have been reported When the harvest is over and threshing has been completed, it may develop that Nebraska, with a shortened acreage will have produced her greatest crop of wheat. Certainly had the normal acreage been planted the yield would have been the largest on record

Much of the grain is now moving to market in order that the farmers may take advantage of the present high price of wheat. Hundreds of thousands of dollars are pouring into the Nebraska banks every day For the last ten days the average receipts of the Kansas City and the Omaha grain markets have been over 1 000 cars of wheat.

So far there has been little indication that the business men have taken cognizance of the changed conditions in the farming regions of America The remarkable wheat and oat crops which have been harvested, coupled with the high prices for grain have enabled a large number of farmers to discharge all of their obligations and still have money left Thousands who were viewing the future with fear and doubt have in this short space of two weeks found that their worries were needless and they can now regard the future with the calm assurance which financial freedom brings The Omaha World Herald points out that collections throughout the entire state have improved remarkably in the last two weeks and many debts which were regarded as uncollectable are being paid in full One of the Omaha national banks was paid in full Tuesday dollar for dollar The World Herald states by a bank which failed in February and which promised then to yield but a small return to creditors

Nebraska's good fortune does not stop when the story of her wheat and oat crops is told This state is equally favored in the outlook for a big corn crop which owing to unfavorable conditions in other sections of the corn belt, is certain to command a high price

Iowa is the greatest corn raising state in the union An official report from the government bureau at Des Moines yesterday told of thousands of acres of corn being abandoned because rain had made it impossible for farmers to get into their fields to cultivate sufficiently to keep the weeds down That is not a myth an inspection trip through that state will reveal Corn was fearfully backward in Iowa and in those sections where the crop was more advanced many fields were so weedy that little could be hoped for In the northern half of the state the crop is so delayed that it cannot possibly make marketable corn except under the most abnormal climatic conditions The government has estimated that fully a third of the Iowa corn would be caught by the frost The estimate is not too high

Nebraska does not rejoice in the unfortunate plight of her neighbor but the fact remains that the shortage which is looming makes the big crop in this state more valuable

No state in the union faces more promising business conditions for the fall and winter months than Nebraska

SOME OF OUR OWN MEDICINE

Taking their cue from the high tariff policy of the United States which shuts their goods out of our market the government authorities of Austria are putting into effect a new schedule of increased import duties calculated to protect the industries of that country by making it more expensive for outsiders to ship goods in and sell them in competition with the home products

As a result of this policy advices from Vienna indicate the importation and consumption of commodities from America now amounting to $50 000 000 a year will be considerably reduced In other words because we refuse to let Austria sell her products to us she will retaliate by making it harder for us to sell our goods to her people The medicine we concocted for Europe is now being administered to ourselves

Even before the boosting of the Austrian tariff rates, the movement of goods thither from the United States had begun to decline in consequence of the restrictions which our tariffs impose on foreign trade What we lost England and other countries that deal more liberally with their international customers have gained

And who will be the worst hit among our American producers by the closing of the Austrian market against us? Why the farmer to be sure He has always been the goat of the protective tariff and this case is no exception to the rule

In 1922 the official statistics show American food stuffs were shipped to Austria in the gross amount of $14 500 000 For 1923 this trade fell to $11 800 000 During these years the Vienna government admitted wheat flour rye lard meats and condensed milk free of all customs charges Now it is clapping import duties on all these commodities and others which the United States supplies The purpose of such action is to encourage agriculture in Austria so that the country will produce more of the food its people needs And of course to just that extent the farmers of Nebraska and the United States will be cut off from the foreign market

The tariff barrier is also being erected by Vienna against A[illegible] typewriters sewing machines and other machinery which will tend to decrease sales of these products from our factories and throw their workers out of employment

What Austria is doing other European nations have done or will do In the aggregate the United States stands to lose a large volume of world trade if it continues the high tariff policy We may expect to see other countries one by one shut their doors to our products if we keep on treating them in like fashion

Can the United States afford to keep its doors locked against the manufactured goods of Europe and the Orient when by so doing it forces other nations to trade elsewhere? If Europe cannot ship its goods to us will it buy its food from us? Hardly It will look to Canada to Australia to Argentina to New Zealand and to South Africa for its wheat and other cereals meats and staple foodstuffs of all kinds And the American farm[illegible] his lands will have to take what he can get for them in the domestic market

CURBING THE RECKLESS DRIVER

A study of the figures show that another campaign directed to the pedestrian to supplement the steps taken to curb the reckless driver must be made if the number of automobile fatalities are reduced to the minimum The accidents wherein the fault of the pedestrian overshadowed that of the automobile driver are nearly as numerous as those wherein the autoists faults were the major factors Jaywalking and children playing in the street cost the lives of nearly a thousand people in the first six months of the year The campaign must be made against not only the reckless driver but the careless pedestrian as well

SUCCESS IS THE RESULT OF WORK STUDY AND DENIAL

You kick a good bit because you are not more successful and you believe that the men who have won out are just lucky that is all

But is it not true that you have never really and earnestly made a struggle to win more than enough to meet weekly set expenses which you have taught yourself are necessary

When you got a few dollars ahead you let up on your efforts

Your desire for enjoyment and your desire to avoid care and struggle have been greater than your ambition to make a real success

You have talent or ability along some certain line which might be remunerative to you if you had been willing to make the effort and exercise the self control necessary to success

Softening Mother's Shocks

When mother comes across a package of cigarettes in her son's clothes for the first time the discovery is altogether too often attended by a shock that rocks the family to its foundations She flies into tears She scolds She raves and rants When father comes home he tells him—and gets another shock

Generally father smiles with a faraway reminiscent look in his eyes It wasn't long ago that his [illegible] in the [illegible] took on terribly because she found a corncob pipe and a paper bag of a now forgotten brand of tobacco in his favorite treasure chest out in the barn

Mothers forgot that boys grow up just as fathers forgets that daughters grow up little fellows who only yesterday it seems had to have their noses blown and their rubbers put on for them suddenly adopt the habits of men Whether those habits are good habits or whether they are shockingly bad habits is largely a matter of how the mother has handled herself and her boy during the previous six or eight years

Fortunately for boys and the world an ever inceasing band of intelligent and understanding mothers are raising boys these days They are pals to their boys They really know their sons and their sons know them The mother and son relationship that is built on confidence and uderstading is almost shock proof

If a boy of sixteen or seventeen adopts the miled vices of manhood in a sneaking way the mother may as well forego any attempts to bring about a reformation She is about six years too late

The time to begin to win the confidence of a son is when he's a little fellow The mothers who are chums with their little boys are almost certain to be chums when their boys grow up But the mothers who are too busy to bother with anything but their boys physical needs during the early years cannot expect suddenly to be made confidants and companions as a sixteenth birthday present from their sons

Questions and Answers

Your questions on health topics will be answered by Dr Dorothy Booker if you address her in care of this newspaper

Mrs I I D—My little girl of [illegible] through a prolonged birth is spastic The proper diet exercise baths etc under the supervision of a physician have helped her wonderfully but she still has trouble pronouncing some of the consonants and is stiff and angular in her movements I have tried to find literature on the subject both through my physician and at the library but there is very little I want to read much so that I can understand the matter thoroughly and help her Please advise me

Answer—You will find such literature only in the library of a neurologist A thorough understanding would be very difficult to acquire since curative measures and diagnosis are based on pathology and this is based upon a knowledge of physiology and anatomy These are difficult even for the individual who has spent several years at dissection and experimental use However the neurologist will give excellent advice as to further training which after all is your object

Esperanto On the Air

BY GARRETT P SERVISS
Famous Astronomer and Writer on Scientific Topics of Popular Interest

I read in a French journal The daily extending range of radiophonic transmissions which already reach to the antipodes and traverse dozens of countries speaking different languages renders more and more necessary the adoption of an auxiliary language having a restricted vocabulary and a very simple grammar which can be understood by all

The writer goes on to say that Esperanto is just the language needed for this purpose and affirms the most eminent members of our (the French) Academy of Sciences demand the adoption —of that salmigundi of hashed up words for science

On looking at the list given of these eminent persons however I do not find that it is either long or typical of the best fame of the French Academy of Science and I doubt whether the majority of the leading members of that distinguished body would commend the choice attributed to a few of them It is characteristic I believe of French men of science that they are lovers and very good masters of their native language and that they especially appreciate its exceptional clearness as a medium for the conveyance of the facts laws and ideas of science

To be sure the proposal is not to use Esperanto for French science at home but only for spreading its fruits abroad But if foreign students learn French for its literature and for use in business travel and personal intercourse why should they learn in addition an uncouth artificial language solely in order to study French science? It would be impossible for such a farrago of a language to reproduce with accuracy the ideas of the original thinker and experimenter for nobody can think in a sham language Every time you translate from one tongue into another you lose something and often something essential to the meaning if you make up a language from mixed up pieces of other (real) languages keeping down the new vocabulary to a restricted number of words and machining its grammar until it is as unaccidented as a skating floor you have only produced fetters for thought You are offering a poor and scanty in place of a rich and abundant medium for the exchange of ideas You give lead for gold

If as is distinctly stated the idea is only to use Esperanto for diffusing scientific information over the world it would be a waste of time The scientists already have their common language easily translatable into every leading tongue of the world Says the writer whom I quoted at the beginning

It goes without saying that this practical idiom (he means Esperanto—idiom forsooth cannot affect pre eminence of French as the language of diplomacy of literaure of art the language of high culture in the whole world That is a privilege which it owes to its precision its clearness its elegance and still more to the arts and the incomparable literature of which it is the bearer

Neither will Esperanto interfere with the concerts in diverse tongues like those which have just been inaugurated in America by Miss Edith Bennet in English in Italian and in French and which have been heard by five million auditors

Very good but then I say again what is the use of putting an artificial language on the air for the sole purpose of transmitting scientific information? The scientific centers are not calling for it Scientists do not want it I do believe there is one living who would take the trouble to learn this patched up strictly limited stiff jointed language only in order to hear its uncouth words trying to tell him what his brother scientists were doing and thinking on the other side of the ocean He would much rather learn two or three real languages which could reward his efforts with the rich products of literary and artistic genius in addition to giving him in all its shades of meaning the ripe result of science

THE CROP OUTLOOK.

Continued reports from all sections of Nebraska substantiate the statement that this state is harvesting one of its greatest wheat crops. Yields of from 35 to 40 bushels per acre, with a few exceptional fields of 50 bushels per acre, of high quality wheat have been reported. When the harvest is over and threshing has been completed, it may develop that Nebraska, with a shortened acreage, will have produced her greatest crop of wheat. Certainly, had the normal acreage been planted, the yield would have been the largest on record.

Much of the grain is now moving to market, in order that the farmers may take advantage of the present high price of wheat. Hundreds of thousands of dollars are pouring into the Nebraska banks every day. For the last ten days the average receipts of the Kansas City and the Omaha grain markets have been over 1,000 cars of wheat.

So far there has been little indication that the business men have taken cognizance of the changed conditions in the farming regions of America. The remarkable wheat and oat crops which have been harvested, coupled with the high prices for grain, have enabled a large number of farmers to discharge all of their obligations and still have money left. Thousands, who were viewing the future with fear and doubt, have in this short space of two weeks found that their worries were needless and they can now regard the future with the calm assurance which financial freedom brings. The Omaha World-Herald points out that collections throughout the entire state have improved remarkably in the last two weeks, and many debts which were regarded as uncollectable are being paid in full. One of the Omaha national banks was paid in full Tuesday, dollar for dollar, The World-Herald states, by a bank which failed in February and which promised then to yield but a small return to creditors.

Nebraska's good fortune does not stop when the story of her wheat and oat crops is told. This state is equally favored in the outlook for a big corn crop, which, owing to unfavorable conditions in other sections of the corn belt, is certain to command a high price.

Iowa is the greatest corn raising state in the union. An official report from the government bureau at Des Moines yesterday told of thousands of acres of corn being abandoned because rain had made it impossible for farmers to get into their fields to cultivate sufficiently to keep the weeds down. That is not a myth, an inspection trip through that state will reveal. Corn was fearfully backward in Iowa, and in those sections where the crop was more advanced, many fields were so weedy that little could be hoped for. In the northern half of the state the crop is so delayed that it cannot possibly make marketable corn except under the most abnormal climatic conditions. The government has estimated that fully a third of the Iowa corn would be caught by the frost. The estimate is not too high.

Nebraska does not rejoice in the unfortunate plight of her neighbor but the fact remains that the shortage, which is looming, makes the big crop in this state more valuable.

No state in the union faces more promising business conditions for the fall and winter months than Nebraska.

SOME OF OUR OWN MEDICINE.

Taking their cue from the high tariff policy of the United States, which shuts their goods out of our market, the government authorities of Austria are putting into effect a new schedule of increased import duties calculated to "protect" the industries of that country by making it more expensive for outsiders to ship goods in and sell them in competition with the home products.

As a result of this policy, advices from Vienna indicate, the importation and consumption of commodities from America, now amounting to $250,000,000 a year, will be considerably reduced. In other words, because we refuse to let Austria sell her products to us she will retaliate by making it harder for us to sell our goods to her people. The medicine we concocted for Europe is now being administered to ourselves.

Even before the boosting of the Austrian tariff rates, the movement of goods thither from the United States had begun to decline, in consequence of the restrictions which our tariffs impose on foreign trade. What we lost, England and other countries that deal more liberally with their international customers have gained.

And who will be the worst hit among our American producers, by the closing of the Austrian market against us? Why, the farmer, to be sure. He has always been the goat of the protective tariff, and this case is no exception to the rule.

In 1922, the official statistics show, American foodstuffs were shipped to Austria in the gross amount of $14,500,000. For 1923, this trade fell to $11,800,000. During these years, the Vienna government admitted wheat, flour, rye, lard, meats, and condensed milk free of all customs charges. Now it is clapping import duties on all these commodities and others which the United States supplies. The purpose of such action is to encourage agriculture in Austria, so that the country will produce more of the food its people needs. And, of course, to just that extent the farmers of Nebraska and the United States will be cut off from the foreign market.

The tariff barrier is also being erected by Vienna against American-made automobiles, typewriters, sewing machines, and other machinery, which will tend to decrease sales of those products from our factories and throw their workers out of employment.

What Austria is doing, other European nations have done or will do. In the aggregate, the United States stands to lose a very large volume of world trade if it continues the high tariff policy. We may expect to see other countries, one by one, shut their doors to our products if we keep on treating them in like fashion.

Can the United States afford to keep its doors locked against the manufactured goods of Europe and the Orient, when by so doing it forces other nations to trade elsewhere? If Europe cannot ship its goods to us, will it buy its food from us? Hardly. It will look to Canada, to Australia, to Argentina, to New Zealand, and to South Africa for its wheat and other cereals, meats, and staple foodstuffs of all kinds. And the American farmer, with a surplus of these things on his hands, will have to take what he can get for them in the domestic market.

CURBING THE RECKLESS DRIVER.

Figures for the first six months of 1924, compiled by the National Automobile Chamber of Commerce, provide foundation for the hope that fatal accidents will not exceed the 1923 record, notwithstanding that nearly a million more cars were in operation than during the same period a year ago.

Practically every large city in America showed a reduction in the number of fatalities in June as compared with May. Without exception more rigid enforcement of the traffic regulations was responsible for the decrease. New York, Detroit, Los Angeles, Cleveland, Baltimore and Philadelphia, which furnished the largest proportion of automobile fatalities, have adopted stringent measures to wipe out careless driving, which is the largest contributing cause of accidents.

Connecticut is the only state in the union which is conducting a state-wide drive against the reckless autoist. Every motorist in that state is required to register. Conviction for reckless driving may result in suspension of the driver's license, and if the circumstances warrant it, the license is revoked. The results in that state have been so generally satisfactory that other states might well give serious consideration to the registration system in vogue in Connecticut.

A study of the figures show that another campaign directed to the pedestrian to supplement the steps taken to curb the reckless driver must be made if the number of automobile fatalities are reduced to the minimum. The accidents wherein the fault of the pedestrian overshadowed that of the automobile driver are nearly as numerous as those wherein the autoists' faults were the major factors. Jaywalking and children playing in the street cost the lives of nearly a thousand people in the first six months of the year. The campaign must be made against not only the reckless driver but the careless pedestrian as well.

WHY DELAY IT?

The grnd old party, from which all blessing flow, will probably now assume the responsibility for the increase in the price of farm products. Republican newspapers have already shown tendency to admit that this increase was due to the masterly hand of President Coolidge.

Perhaps the common people, who do not understand the mysterious ways of economics, or the still more mysterious way of republican politics, are wrong when they believe that this cannot be true.

Perhaps, after all, it was the genius of Mr. Coolidge that raised the price of wheat and corn just on the eve of a presidential election.

Mothers forgot that boys grow up, just as father forgets that daughters grow up. ittle fellows who only yesterday, it seems, had to have their noses blown and their rubbers put on for them suddenly adopt the habits of men. Whether those habits are are good habits, or whether they are shockingly bad habits, is largely a matter of how the mother has handled herself and her boy during the previous six or eight years.

Fortunately for boys and the world an ever inceasing band of intelligent and understanding mothers are raising boys these days. They are pals to their boys. They really know their sons and their sons know them. The mother-and-son relationship that is built on confidence and uderstading is almost shock-proof.

If a boy of sixteen or seventeen adopts the miled vices of manhood in a sneaking way, the mother may as well forego any attempts to bring about a reformation. She is about six years too late.

The time to begin to win the confidence of a son is when he'sa little fellow. The mothers who are chums with their little boys are almost certain to be chums when their boys grow up. But the mothers who are "too busy to bother" with anything but their boys' physical needs during the early years cannot expect suddenly to be made confidants and companions as a sixteenth birthday present from their sons.

Questions and Answers.

Your questions on health topics will be answered by Dr. Dorothy Bocker if you address her in care of this newspaper.

Mrs. T. I. D.—My little girl of 7 through a prolonged birth is spastic. The proper diet, exercise, baths, etc. under the supervision of a physician have helped her wonderfully but she still has trouble pronouncing some of the consonants and is stiff and angular in her movements. I have tried to find literature on the subject both through my physician and at thelibrary but there is very little. I want to read much so that I can understand the matter thoroughly and so help her. Please advise me.

Answer—You will find such literature only in the library of a neurologist. A thorough understanding would be very difficult to acquire since curative measures and diagnosis are based on pathology and this is based upon a knowledge of physiology and anatomy. These are difficult even for the individual who has spent several years at dissection, and experimental use. However, the neurologist will give excellent advice as to further training which after all is your object.

Esperanto On the Air

BY GARRETT P. SERVISS.
Famous Astronomer and Writer on Scientific Topics of Popular Interest.

I read in a French journal: "The daily extending range of radiophonic transmissions, which already reach to the antipodes, and traverse dozens of countries speaking different languages, renders more and more necessary the adoption of an auxiliary language, having a restricted vocabulary, and a very simple grammar which can be understood by all."

The writer goes on to say that "Esperanto" is just the language needed for this purpose, and affirms "the most eminent members of our (the French) Academy of Sciences demand the adoption"—of that salmagundi of hashed-up words—"for science."

On looking at the list given of these eminent persons, however, I do not find that it is either long or typical of the best fame of the French Academy of Science, and I doubt whether the majority of the leading members of that distinguished body would commend the choice attributed to a few of them. It is characteristic, I believe, of French men of science that they are lovers, and very good masters, of their native language and that they especially appreciate its exceptional clearness as a medium for the conveyance of the facts, laws and ideas of science.

To be sure, the proposal is not to use Esperanto for French science at home, but only for spreading its fruits abroad. But if foreign students learn French for its literature and for use in business, travel and personal intercourse, why should they learn, in addition, an uncouth, artificial language solely in order to study French science? It would be impossible for such a farrago of a language to reproduce with accuracy the ideas of the original thinker and experimenter, for nobody can think in a sham language. Every time you translate from one tongue into another you lose something, and often something essential to the meaning. if you make up a language from mixed-up pieces of other (real) languages, keeping down the new vocabulary to a restricted number of words, and machining its "grammar" until it is as "unaccidented" as a skating floor, you have only produced fetters for thought. You are offering a poor and scanty in place of a rich and abundant medium for the exchange of ideas. You give lead for gold.

If, as is distinctly stated, the idea is only to use Esperanto for diffusing scientific information over the world, it would be a waste of time. The scientists already have their common language, easily translatable into every leading tongue of the world. Says the writer whom I quoted at the beginning:

"It goes without saying that this practical idiom (he means Esperanto—'idiom' forsooth!" cannot affect pre-eminence of French as the language of diplomacy, of literaure, of art, the language of high culture in the whole world. That is a privilege which it owes to its precision, its clearness, its elegance, and still more to the arts and the incomparable literature of which it is the bearer.

"Neither will Esperanto interfere with the concerts in diverse tongues, like those which have just been inaugurated in America, by Miss Edith Bennet, in English, in Italian, and in French, and which have been heard by five million auditors."

Very good; but then, I say again, what is the use of putting an artificial language on the air for the sole purpose of transmitting scientific information? The scientific centers are not calling for it. Scientists do not want it. I do believe there is one living who would take the trouble to learn this patched-up, strictly limited, stiff-jointed "language," only in order to hear its uncouth words trying to tell him what his brother scientists were doing and thinking on the other side of the ocean. He would much rather learn two or three real languages, which could reward his efforts with the rich products of literary and artistic genius in addition to giving him, in all its shades of meaning, the ripe result of science.

Kills Catarrh Germs in Three Minutes

Chronic catarrh, no matter how bad, and cases of bronchial asthma now yield instantly to the amazing discovery of a French scientist. This drugless method called Lavex kills the germ in three minutes, yet is positively harmless to the most delicate tissues. Your head and lungs are cleared like magic. Sufferers are relieved in a single night.

To prove it and to introduce Lavex to a million sufferers in one month, I offer to send a treatment free and postpaid, to any one who will write for it. No obligation. No cost. If it cures you, you can repay the favor by telling your friends — if not, the loss is mine. No matter what you have tried, just send me your name and address for this generous free treatment and prove that you can be rid of catarrh.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. Piller's Prescription Pharmacy can supply you.—Advertisement.

Nebraska Press

Public Business.
(Harvard Courier.)

When an editor talks about publishing statements of all public business, state, county, town and school districts, and of publicly owned utilities some folks immediately declare that his only reason is the few dollars income he would get from such publications. The fact remains, however that if every public official board had to print annual or semi-annual detailed reports of income and outgo, showing where all the money comes from and where it goes and what for, that there would be fewer publicly owned utilities and that public business would be more economically handled. Too many officials and boards take the stand that it is none of the public's business what they do. Some of them even pat themselves on the back for failing to observe existing publication laws on the grounds that they are saving money by not observing the law. It is true that they do save a few dollars' publication fee but can you imagine an official holding up his right hand and swearing to enforce the law and then expecting praise because he doesn't.

Let 'em In.

Why?

"New Navy" is the name applied to the gasoline designated by the government as "U. S Government Motor Gasoline" It is the accepted standard for good gasoline

The Specifications for "New Navy" provide for:
1 A particular "initial boiling point" *to insure ready vaporization*
2 A particular "end point"—final boiling point. *so that all of the gasoline will burn in the motor*
3 The degree of color and sulphur content. *to set a standard for purity and complete refining*

Fill up where you see this sign

SKELLY GASOLINE
is better in every way

BECAUSE—
1 It has a lower initial boiling point. *so that it vaporizes more readily and causes the motor to start quicker*
2 Its end-point is lower *so that it delivers maximum power without waste and without crankcase drainage*
3 It has NO COLOR and Contains no sulphur. *it is water white free from all impurities, and without the faintest trace of acid*

WYMORE, Neb., Aug. 7.—Adam Hoefling, eighty-five year old pioneer farmer of south Wymore, was surprised by his neighbors and all his children Wednesday evening when they came in upon him and celebrated his birthday. A large cake, three feet in diameter, contained a candle for each year of his life. There were four generations represented in the assembled group of relatives, the first time in six years that the family had all been together. Mr. Hoefling makes his home with his son, Milton Hoefling, and his daughter, Mrs. Roy Chase, prominent farmers, just south of Wymore. Fifty-eight relatives were in attendance.

NEW PRODUCE EXCHANGE.

(Special to The Star)

WYMORE, Neb., Aug. 7.—Charles Ellis, feed and produce store manager in Wymore for the past twelve years, has sold out his business to Herman J. Kessler, former railway shopman. Ellis will be made manager for the new co-operative company, to be known as the Wymore Produce exchange, being organized by the principal business men of Wymore for the handling of all kinds of produce and to make Wymore a better marketing place.

CAMBRIDGE CHAUTAUQUA.

(Special to The Star.)

CAMBRIDGE, Neb., August 7—Chautauqua closed here Sunday with a fine attendance and a good ballance in the treasury. The Cambridge Little Symphony orchestra gave the final concerts and was especially well received. The orchestra is under the direction of Mrs. Genevieve Trenchard and has only been organized a few months. Mrs. Trenchard is a former Lincoln girl.

CLUBS TO FIGHT FOR CHEAPER GAS

Organization Formed Following Closing of Omaha Municipal Station.

OMAHA, Neb., Aug. 7.—Fourteen improvement clubs and four labor organizations last night formed the "Boosters club of the Gas league," to continue the fight for cheaper gasoline in Omaha. The new organization, it was announced will support the "Fifteen Cent League" formed a few months ago to obtain 15 cent gasoline.

The meeting followed by a few hours the closing of the city operated station. When one of the "independents" today cut to 10.9 cents a gallon, the "muny" station shut down, at least for the time being, according to announcement.

Omaha's "mystery" station, which has repeatedly cut the price to below the muny station's price and other independents, was selling at 11 cents yesterday.

CORN BLOWN DOWN.

(Special to The Star.)

ALBION, Neb., Aug. 7.—A rain of 2.21 inches fell here Monday night. Quite a heavy wind accompanied the rain which blew down the corn in places. Small grain is all in the shock and will prove to be a good crop. The corn is making rapid progress and will make a winning race with Jack Frost if the season proves an average one.

TWO ARE INJURED IN A CAR CRASH

Indiana Auto, After Striking Another Rushes Swiftly Away.

(Special to The Star.)

COLUMBUS, Neb., August 7—Two people were injured and four narrowly escaped death when an automobile driven by a tourist, H. C. Hays, farmer living near De Witt, Ia., was struck by another tourist, whose car carried an Indiana license plate.

The accident happened on the Meridian highway between Columbus and Platte Center. The Iowa car was driving east and the Indiana car, according to Hays in passing at high speed struck the rear of the Iowa car, throwing it into a ditch at the side of the road. The Indiana car passed on without stopping.

Mrs. Hays and her sister, Mrs. W. J. Wilton, occupying the back seat, were thrown against the back of the front seat and badly bruised about the arms and face. Hays and Wilton, in front of the car, were unhurt in spite of the fact that they were thrown against the windshield shattering the glass. The rear of the Iowa car was badly crushed.

CHAUTAUQUA CLOSES.

(Special to The Star.)

HEBRON, Neb., August 7—Hebron's six day chautauqua closed Monday night with a play, "Freckles," which drew a large crowd. A sufficient number of signers was obtained to assure a chautauqua for next summer, the Hebron Woman's club, Sunday school classes, Hebron academy and Commercial club joining with individual signers in supporting the enterprise.

RESURFACING BRIDGE.

(Special to The Star.)

COLUMBUS, Neb., Aug. 7.—Resurfacting of the wagon bridge floor across the Loup river south of Columbus was begun today under the direction of the county supervisors, who announced that the bridge would be closed to traffic for two hours each morning and two hours each afternoon while the work is under way.

FURNAS COUNTY CROPS.

(Special to The Star.)

CAMBRIDGE, Neb., August 7—First reports of threshing for 1924 wheat crop are just coming in. The best record in early reports is by S. E. Smith, living south of Cambridge. Mr. Smith has a forty acre field that made 48 bushel and tested 62. Corn in Furnas county is in wonderful condition and promises to be the best crop that has even been grown here.

Rain Halts Play In Northeast Tourney

NORFOLK, Neb., Aug. 7.—Torrential rain this morning was delaying the semi-finals in the annual tournament of the Northeast Nebraska Golf association. Billy Reckert, former club professional, will meet Dr. L. L. Nelson, while B. M. Beeler, present district champion, is matched with Dr. Warren Hall. All are Norfolk residents. Reckert defeated W. C. Hunter of Wayne in the third round yesterday, 1 up.

The rainfall has been so heavy it is doubtful if the finals can be played until Friday.

Unknown Man At Norfolk Killed

NORFOLK, Neb., Aug. 7.—(A. P.) Efforts were being made today to identify a man, aged about 30, whose body was found in the Chicago & Northwestern yards last night. One arm was severed and his ribs were crushed. A tag on his coat had on it the name of G. E. Talber. It is believed he was en route to Chadron.

TEACH AGRICULTURE.

HEBRON, Neb., August 7—A department of agricultural training will be added to the local high school this fall and Frank Flinn, instructor for the class, began a canvass of students this week. The agricultural training class will have a room in the high school building, and the eighth grade will be moved to Lincoln school building to make room for it.

Boy Badly Gored While Milking Cow

(Special to The Star.)

COLUMBUS, Neb., Aug 7.—Eugene Turnes, 8, son of Frank Turnes, a farmer living near Humphrey, Neb. was gored by a cow in his father's barnyard while milking the animal. The cow's horns pierced the boy's face just below the right eye. Physicians declared today the boy's chances for recovery in St. Mary's hospital here where he was brought immediately after the accident, depend on whether or not he can escape infection.

Why?

"New Navy" is the name applied to the gasoline designated by the government as "U. S. Government Motor Gasoline." It is the accepted standard for good gasoline.

The Specifications for "New Navy" provide for:
1. A particular "initial boiling point." *to insure ready vaporization.*
2. A particular "end point"—final boiling point. *so that all of the gasoline will burn in the motor*
3. The degree of color and sulphur content. *to set a standard for purity and complete refining.*

SKELLY GASOLINE
is better in every way
BECAUSE—
1. It has a lower initial boiling point. *so that it vaporizes more readily and causes the motor to start quicker.*
2. Its end-point is lower. *so that it delivers maximum power without waste, and without crankcase drainage.*
3. It has NO COLOR and Contains no sulphur. *it is water white, free from all impurities, and without the faintest trace of acid.*

And it Costs No More

Links Repeat Defeat of Oilers; Grover Hurls Shutout Ball

STRING OF BLANKS FOR TULSA OILERS

Grover Had Lubricators On His Hip and the Links Won, 4 to 0.

Bert Bugs Held Opposition To Three Hits; Backed By Brilliant Fielding.

BY "CY" SHERMAN

Fortified with a fresh supply of his favorite cut plug Bert Bugs Grover stepped out on the hurling hill Tuesday afternoon at Landis Field and pitched the Tulsa Oilers into a state of near somnolence While the Lubricators were harvesting a stingy total of three hits and no runs the Links larruped Pitcher Johnson with sufficient vigor to compile a 4 to 0 triumph

Their feat of the previous day in trouncing the Oilers in fourteen frames apparently inspired the Links to heroic deeds Lincoln s outfielding trio romped to all corners of the clover patch in pulling down Oiler drives and the infielders were knocking down torrid grounders which but for faultless handling might have broken the spell of Grover s dazzling flinging of the Spalding pill Moore performing in center executed seven putouts while Purdy accounted for four and Skinner two

Caught On Grover's Hook

Grover s curve-ball was cutting the corners with rare precision and not until the sixth inning was two thirds gone could the Oilers punk heir first safe poke Yank Davis however shattered Bert Bugs dream of a no hit performance by lashing a line single to right Casey pinch hitting for Johnson in the eighth smacked another single to the center garden and Scotty McDonald fluked a hit in the ninth on a teasing bouncer toward third on which Grover lacked the time to field the pellet to first

Only thrice during the nine rounds were the Oilers in sight of a marker for the run column Two were down in the sixth when McDonald was whacked by a pitched ball Davis then came through with Tulsa's first hit but Lyman Lamb hoisted a long fly to deep center which Moore trapped by virtue of a spectacular catch

Stopped By Double Killing

Casey singled in the eighth after one Oiler was down but Austin rolled to Grover for a double killing via Chavez and Cartwright

Tulsa made its final and best bid to score in the ninth McDonald s fluke hit put an Oiler runner on the paths but Yank Davis failed to take his bat from his shoulder when Grover whipped a sweeping curve over the platter for the third strike McDonald stole second and skipped to third while Lazzeri was staging a one-hand stop of Lyman Lamb s bouncer and snagging the batter at first Free passes to Lelivelt and Washburn filled the cushions but Crosby the last hope fanned air and Tulsa s jig was up

The Links first marker in the introductory inning was a gift by Washburn With two down Gunther smacked to left for two bases and crossed the plate when Washburn tossed wildly to first after fielding Skinner's grounder

Antonio Smacks a Homer

Lincoln s second run sifted over in the third Moore led off with a clean single to left sprinted to third on Purdy s sacrifice and swarmed home when Gunther poked to safe territory in right

The Links staged their final scoring effort in the sixth cashing in to the extent of two tallies Lazzeri, first up socked for four bases the pellet clearing the center garden barricade Cartwright then line-singled to center and romped to second on Snyder s sacrifice Chavez followed with a smash between McDonald and Flippin driving in Cartwright with the Links fourth and final run

Blaeholder hurled for the Oilers in the eighth stopping the Links after Chavez had doubled when two Lincoln batters were down The score

Judge Landis Coming

Judge Kenesaw Landis high commissioner of organized baseball is coming to Lincoln to be the guest of the Links and Lincoln boosters F day August 22—booster day at Landis Field Invitation to Judge Landis was wired yesterday asking him to come to Lincoln a day in advance of his intended trip to Des Moines dated for August 23 Wire acceptance of the Lincoln invitation came today as follows

"NEW YORK Aug 6—Your wire to Chicago forwarded here Delighted to be in Lincoln August 22 in acceptance booster day committee invitation Appreciation and good wishes

"KENESAW M LANDIS"

Manager Josh Clarke and the Links club were special guests at the Lincoln Lions club noon luncheon at the Chamber of Commerce Thursday

Action by the Chamber of Commerce directors endorsing and getting back of the booster day project has been deferred until Wednesday of next week President J Cass Cornell of the Chamber of Commerce explained today that he had jumbled his dates in announcing a meeting of the directors yesterday—that the session is correctly dated for Wednesday August 13

A week s delay will not endanger the success of the booster day plan in the judgment of the Chamber of Commerce president With nine days in which to put the project over a special committee would have abundant time to get the booster wheels to humming

Behold the Alibi

Presumption that the Links won on merit in their fourteen inning Tuesday battle was all wrong The up and down of the Tuesday encounter according to Business Manager Friel of the Oilers and the Tulsa World is that the Lubricators were gypped by Umpire Hayes The humor of accusing either Hayes or Gaffney of giving the ball game or anything else to the Links fails to appeal to the Tulsa party Witness the following alibi published Wednesday morning in the Tulsa World

A telegram from Buck Friel business manager of the Oilers who is with the club at Lincoln Tuesday night said that the Oilers should have won the game in the thirteenth inning when Davis who was safe by a foot was called out at the plate

Season's Freakiest Game

Freakiest game of the Western league season was that Oklahoma City Omaha affair Tuesday in the Nebraska metropolis Pitcher Bailey of Omaha isued ten free trips to first and was pounded by the Indians for ten safe blows yet squeezed through with a victory 8 to 1 Twenty Oklahoma City runners were left stranded on the paths

The Des Moines club may bump into a snag in its arrangement to farm' three players to the Burlington club of the Mississippi Valley circuit The Valley loop has a rule forbidding taking optioned players from higher leagues—a rule which President Mike Sexton surely will enforce Prexy Mike is head of the national association of minor leagues and does his side issue presidenting for the Valley circuit from pure love of the sport As rule enforcement is Mike s middle name it is safe to predict that the optioned players right soon will be on the way back to Des Moines

Tulsa Farms Pitchers

The Tulsa club has farmed two pitchers—Lefty Bolen to the Bartlesville club of the Western association and Brindza a right-hander to Runt Marr s Forth Smith club of the same circuit

Jack Holland s Oklahoma City Indians have hooked Pitcher Saladna member of the Kansas City hurling staff the past two years Saladna was rated as a phenom last year but his work this season has been mediocre In lending Saladna to the Holland crew Kansas City retains an option on the player

Browns Set Sail For Top

The St Louis Browns continue to burn up the American league and to attract more attention than any other club in the circuit As a result of their fifth straight victory over Washington which incidentally was their sixth straight win and their ninth in ten starts the Browns today seriously threaten the supremacy of the three leaders The Browns are only three games and a half behind the top notch Yankees two and a half in the rear of the Tigers and a half game in the wake of the Senators

A rainstorm at the close of the fifth inning gave Detroit a 5 to 2 decision over New York on the strength of a half days work Ruth hung up his thirty sixth circuit drive

Ernie Wingard arrived on the scene in time to keep St Louis winning streak intact With the tying run on second Davis resigned in favor of the brilliant youngster who retired the next two Washington hitters and pulled his mates through by the narrow squeeze of 6 to 5

Cleveland by its 8 to 5 triumph over Boston made is four straight

Giants Romping to Pennant

The Giants added another game to an already overwhelming lead by downing Chicago 5 to 2 while Pittsburgh was losing to Brooklyn The National league champions now are in the van by eight and a half games

Dazzy Vance Brooklyn hurler turned in another beautiful exhibit of ball tossing in letting the Pirates down with four hits and three runs while his mates were garnering five Vance fanned ten men and ran his strikeout record for the season up to 160

Cincinnati scored a 3 to 2 win over Philadelphia with a minimum of effort as rain put an end to the proceedings in the fifth inning

Boston stepped out of its losing streak long enough to turn the tables on St Louis by a 5 to 3 margin

The battle for 1924 supremacy in Nebraska tennis was resumed Thursday morning with eight candidates in the race for the trophy emblematic of the Nebraska singles championship The eight survivors of a field of sixty-four entrants forged to the front of the pack in a Wednesday tennis program crowded with matches which kept the University of Nebraska courts hot from morning until dusk

Contenders remaining in the fight for the state title are Ralph Newell of Omaha Harry Ellis of Holdrege John Calvert and C L Young of York Charles Mathewson of Walthill and Don Elliott Paul Mahood Fred Archard of Lincoln Elliott is the present Nebraska champion

The draw in the upper quarter brings together Harry Ellis and C L Young Ellis a veteran of Nebraska courts and perhaps one of the best tennis generals in the realm of Cornhusker racqueteers won a victory over Joe Stanton another grizzled warrior of tennisdom in a two set match which lasted two hours and every point of which was stubbornly contested

Young Conquers Russell

Young another player well along in years won a sensational victory over Bob Russell former member of the University of Nebraska tennis team and partner with Don Elliott in the 1923 championship doubles team Russell playing a near perfect game smashed and volleyed his way to a six love victory in the first set In the face of a rather disheartening showing in the opening set Young refused to haul down his colors and pulled out the match by steady play which netted him 6 3 6 1 victories in the two final sets

Fred Archard former city champion will oppose Charles Mathewson of Walthill in the other match of the upper bracket Archard was forced to the limit Wednesday to win over Gordon Diesing Omaha junior in a bitterly contested three set match 4 6 6-1 6 1 The pair battled on even terms throughout the deciding set

Mathewson runner up in the 1923 tournament came from behind to win the opening set from Gregg McBride 7 5 In the second set his cross court play passed McBride at the net and he won 6 4

York Veteran Meets Mahood

John Calvert who has weathered the storm of countless tournaments will face Paul Mahood present Lincoln city champion An interesting battle is expected Mahood is playing strong game this season while Calvert has been presenting some of the best tennis of his long career with the racquet

Ralph Newell of Omaha is due to face Don Elliott present state champion in the other lower bracket match Newell who swings a racquet with either hand played brilliantly Wednesday in disposing of Ray Phelps another Omaha player in straight sets Elliott has encountered little opposition in the early rounds of the tourney

In the junior singles J D Ringwalt of Omaha and Alfred Calvert of York have reached the semi finals Ringwalt has worked his way to the semi windup without the loss of a set He eliminated Maurice McAvoy Fillmore county interscholastic champion Wednesday afternoon 6 2 6 0

Calvert Wins Two Matches

Calvert won from Robert McDonald of West Point 8 6 6 3 in the morning and pushed aside Ben Stilphen of Omaha in the afternoon quarter finals 6 2 6 3

Al Finkel present junior champion is favored to survive the third round and meet Calvert in the semi finals while Tom Elliott is picked to oppose Ringwalt in the lower bracket

The three set battle in which Ralph Newell of Omaha and E S Fullbrook of Lincoln defeated Stilphen and Ringwalt of Omaha featured the afternoon play in doubles The Omaha juniors won the first set 6-4 but yielded to the seniors in the second set 1 6 In the deciding set Newell and Fullbrook set the the pace but were forced into a deuce set before they could win 7 5

Russell and Elliott

Russell and Elliott the state championship team won handily from Struka and Ward Davis and Ellis former state champions disposed of Vail and McTague 6-4 6 0 McBride and Stanton won easily from Hansen and Burkhardt while Archard and Mahood Lincoln city title-holders took the measure of Geeson and Moritz of Seward

Finals in the men s singles are scheduled for Saturday afternoon while the champion matches in the junior singles will probably be played Friday

Pennant Fever Breaks Out In St. Louis Camp

ST LOUIS Aug — Pennant dreams that were so tragically buried after the crucial series with the New York Yankees near the end of the 1922 season have thrown their magic touch around the Browns rooters as a result of the local Americans' recent sensational drive toward the leading position of the American league

Having humbled Washington in five straight games the Browns brought their string of victories to six yesterday by trouncing the Senators and today were prepared to continue their pennant drive at the expense of the second division Athletics

PREMIER JOCKEY TRAGEDY VICTIM

Sande Hurled From Saddle In Spill On Saratoga Race Track.

ESCAPES AMPUTATION.

SARATOGA SPRINGS, N Y. Aug 7.—Earl Sande, premier American jockey, who was seri injured in a spill at the race track here yesterday will not have to suffer amputation of his leg, it was stated by attending surgeons today

SARAOGA SPRINGS N Y Aug 7—Earl Sande world s most famous jockey will never ride again it was said today by physicians at the Saratoga hospital where Sande was taken after the spill in the first race yesterday afternoon when three horses ran over him

Sande s life is not in danger said Dr D C Moriarity although he suffered a multiple fracture of the thigh and possible fracture of a left rib

Even if the jockey does not lose a leg racing men said today the period of recovery will make him too heavy to ride An X ray of the injured leg was to be made by Dr James Russell of Roosevelt hospital New York

Ten Thousand Saw Tragedy

Ten thousand people saw the accident which occurred in the first race as Sande was riding James Butler s Spurt Marinelli riding Senor on the outside swerved in suddenly for position Spurt went down when shoved by other horses

Sande was flung into the air and hit the turf directly in front of the other horses Speckled Beauty Semper and Cathleen Ni Houlihan stumbled over the prostrate jockey

Sande gamely dragged himself to the fence out of the way of the horses in the rear

The jockey s beautiful young wife who witnessed the accident was still prostrated today She collapsed at the track

Marinelli blamed by the judges and spectators for the accident was suspended The jockey club stewards were expected to act on his case today

Links Repeat Defeat of Oilers; Grover Hurls Shutout Ball

STRING OF BLANKS FOR TULSA OILERS

Grover Had Lubricators On His Hip and the Links Won, 4 to 0.

Bert Bugs Held Opposition To Three Hits; Backed By Brilliant Fielding.

BY "CY" SHERMAN.

Fortified with a fresh supply of his favorite cut plug, Bert Bugs Grover stepped out on the hurling hill Tuesday afternoon at Landis Field and pitched the Tulsa Oilers into a state of near-somnolence. While the Lubricators were harvesting a stingy total of three hits and no runs, the Links larruped Pitcher Johnson with sufficient vigor to compile a 4 to 0 triumph.

Their feat of the previous day in trouncing the Oilers in fourteen frames apparently inspired the Links to heroic deeds. Lincoln's outfielding trio romped to all corners of the clover patch in pulling down Oiler drives and the infielders were knocking down torrid grounders which, but for faultless handling, might have broken the spell of Grover's dazzling flinging of the Spalding pill. Moore, performing in center, executed seven putouts, while Purdy accounted for four and Skinner two.

Caught On Grover's Hook.

Grover's curve-ball was cutting the corners with rare precision and not until the sixth inning was two-thirds gone could the Oilers plunk their first safe poke. Yank Davis, however, shattered Bert Bugs' dream of a no-hit performance by lashing a line single to right. Casey, pinch-hitting for Johnson in the eighth, smacked another single to the center garden and Scotty McDonald fluked a hit in the ninth on a teasing bouncer toward third on which Grover lacked the time to field the pellet to first.

Only thrice during the nine rounds were the Oilers in sight of a marker for the run column. Two were down in the sixth when McDonald was whacked by a pitched ball. Davis then came through with Tulsa's first hit, but Lyman Lamb hoisted a long fly to deep center which Moore trapped by virtue of a spectacular catch.

Stopped By Double Killing.

Casey singled in the eighth, after one Oiler was down, but Austin rolled to Grover for a double killing via Chavez and Cartwright.

Tulsa made its final and best bid to score in the ninth. McDonald's fluke hit put an Oiler runner on the paths, but Yank Davis failed to take his bat from his shoulder when Grover whipped a sweeping curve over the platter for the third strike. McDonald stole second and skipped to third while Lazzeri was staging a one-hand stop of Lyman Lamb's bouncer and snagging the batter at first. Free passes to Lelivelt and Washburn filled the cushions, but Crosby, the last hope, fanned air and Tulsa's jig was up.

The Links' first marker in the introductory inning was a gift by Washburn. With two down, Gunther smacked to left for two bases and crossed the plate when Washburn tossed wildly to first after fielding Skinner's grounder.

Antonio Smacks a Homer.

Lincoln's second run sifted over in the third. Moore led off with a clean single to left, sprinted to third on Purdy's sacrifice and swarmed home when Gunther poked to safe territory in right.

The Links staged their final scoring effort in the sixth, cashing in to the extent of two tallies. Lazzeri, first up, socked for four bases, the pellet clearing the center garden barricade. Cartwright then line-singled to center and romped to second on Snyder's sacrifice. Chavez followed with a smash between McDonald and Flippin, driving in Cartwright with the Links' fourth and final run.

Blaeholder hurled for the Oilers in the eighth, stopping the Links after Chavez had doubled when two Lincoln batters were down. The score:

NOTES OF THE GAME.

Cartwright made his debut with the Links, covering the first sack. His performance at the bag was faultless. At bat four times, he hit the ball on the seam, smacking a line single to center in the sixth and scoring one of Lincoln's four runs.

Eddie Moore dazzled a nd scintillated in the center garden all afternoon, spearing seven fly balls and putting on an exhibition of outfielding that was never surpassed at Landis Field. Lyman Lamb was Eddie's special victim. Lymon lined a low drive to short center in the third that had a base-hit label, but Eddie came tearing in and took the ball off the clover. In the sixth, with two Tulsa runners on, Eddie sprinted back to the fence and, running at full speed, snared Lamb's long wallop for the third out.

Pid Purdy's catch of Flippin's smash in the seventh was nothing less than brilliant, while Camp Skinner over in right did considerable romping in putting over a pair of stunning catches.

Chavvy Chavez, in two home starts against the Oilers, has remonstrated that his hitting streak on the recent road jaunt was genuine goods. The Portuguese youth laced a single and a double in three times up yesterday. Chavvy will hit during the remainder of the pennant journey. The youngster now believes he can hit—and that's half the argument in his favor.

In blanking the Oilers, the Links hung up their second shutout triumph of the home season. Art Rasmussen choked the Omaha Burch Rods, 2 to 0, in a game played May 20

Bert Bugs Grover has been consistently successful in turning back the slugging Oilers at Landis yard. In his three home performances against Tulsa, Grover has won by scores of 7 to 1, 8 to 7 and 4 to 0.

Mule Washburn, ranking second in the league in circuit drives, had another hitless day. He drew two free tickets to first, but flied to Moore and grounderered to Cartwright on his two additional efforts. Sut Austin likewise had another zero in his blow column of the box score.

Antonio Lazzeri's circuit clouting is getting to be a habit. Tony socked five round-trippers during the recent Links-Oilers series in Tulsa, coming through with another homer Wednesday just to show the Lubricators' pitchers that it is dangerous to put one down the groove.

Bob Snyder, after performing in a string of games at the first sack, donned the mask and windpad, backstopping with pepp and style.

HERE AND THERE IN BASEBALL

Judge Landis' Coming.

Judge Keensaw Landis, high commissioner of organized baseball, is coming to Lincoln to be the guest of the Links and Lincoln boosters Friday, August 22—booster day at Landis Field. Invitation to Judge Landis was wired yesterday, asking him to come to Lincoln a day in advance of his intended trip to Des Moines, dated for August 23. Wire acceptance of the Lincoln invitation came today, as follows:

"NEW YORK, Aug. 6.—Your wire to Chicago forwarded here. Delighted to be in Lincoln August 22 in acceptance booster day committee invitation. Appreciation and good wishes.

"KENESAW M. LANDIS."

Manager Josh Clarke and the Links club were special guests at the Lincoln Lions' club noon luncheon at the Chamber of Commerce Thursday.

Action by the Chamber of Commerce directors endorsing and getting back of the booster day project has been deferred until Wednesday of next week, President J. Cass Cornell of the Chamber of Commerce explained today that he had jumbled his dates in announcing a meeting of the directors yesterday—that the session is correctly dated for Wednesday, August 13.

A week's delay will not endanger the success of the booster day plan, in the judgment of the Chamber of Commerce president. With nine days in which to put the project over, a special committee would have abundant time to get the booster wheels to humming.

Behold the Alibi.

Presumption that the Links won on merit in their fourteen-inning Tuesday battle was all wrong. The up and down of the Tuesday encounter, according to Business Manager Friel of the Oilers and the Tulsa World, is that the Lubricators were gypped by Umpire Hayes. The humor of accusing either Hayes or Gaffney of giving the ball game or anything else to the Links fails to appeal to the Tulsa party. Witness the following alibi, published Wednesday morning in the Tulsa World:

"A telegram from Buck Friel, business manager of the Oilers, who is with the club at Lincoln, Tuesday night said that the Oilers should have won the game in the thirteenth inning when Davis, who was safe by a foot, was called out at the plate."

Season's Freakiest Game.

Freakiest game of the Western league season was that Oklahoma City-Omaha affair Tuesday in the Nebraska metropolis. Pitcher Bailey of Omaha isued ten free trips to first and was pounded by the Indians for ten safe blows, yet squeezed through with a victory, 8 to 1. Twenty Oklahoma City runners were left stranded on the paths.

The Des Moines club may bump into a snag in its arrangement to "farm" three players to the Burlington club of the Mississippi Valley circuit. The Valley loop has a rule forbidding taking optioned players from higher leagues—a rule which President Mike Sexton surely will enforce. Prexy Mike is head of the national association of minor leagues and does his side-issue presidenting for the Valley circuit from pure love of the sport. As "rule enforcement" is Mike's middle name, it is safe to predict that the optioned players right soon will be on the way back to Des Moines.

Tulsa Farms Pitchers.

The Tulsa club has "farmed" two pitchers—Lefty Bolen to the Bartlesville club of the Western association and Brindza, a right-hander, to Runt Marr's Forth Smith club of the same circuit.

Jack Holland's Oklahoma City Indians have hooked Pitcher Saladna, member of the Kansas City hurling staff the past two years. Saladna was rated as a phenom last year, but his work this season has been mediocre. In lending Saladna to the Holland crew, Kansas City retains an option on the player.

Browns Set Sail For Top.

The St. Louis Browns continue to burn up the American league and to attract more attention than any other club in the circuit. As a result of their fifth straight victory over Washington, which incidentally was their sixth straight win and their ninth in ten starts, the Browns today seriously threaten the supremacy of the three leaders. The Browns are only three games and a half behind the top notch Yankees, two and a half in the rear of the Tigers and a half game in the wake of the Senators.

A rainstorm at the close of the fifth inning gave Detroit a 5 to 2 decision over New York on the strength of a half day's work. Ruth hung up his thirty-sixth circuit drive.

Ernie Wingard arrived on the scene in time to keep St. Louis' winning streak intact. With the tying run on second, Davis resigned in favor of the brilliant youngster, who retired the next two Washington hitters and pulled his mates through by the narrow squeeze of 6 to 5.

Cleveland, byt its 8 to 5 triumph over Boston, made is four straight.

Giants Romping to Pennant.

The Giants added another game to an already overwhelming lead by downing Chicago, 5 to 2, while Pittsburgh was losing to Brooklyn. The National league champions now are in the van by eight and a half games.

Dazzy Vance, Brooklyn hurler, turned in another beautiful exhibition of ball-tossing in letting the Pirates down with four hits and three runs while his mates were garnering five. Vance fanned ten men and ran his strikeout record for the season up to 160.

Cincinnati scored a 3 to 2 win over Philadelphia with a minimum of effort, as rain put an end to the proceedings in the fifth inning.

Boston stepped out of its losing streak long enough to turn the tables on St. Louis by a 5 to 3 margin.

TWO BILLS NAMED TO DEFEND CUP

Tilden and Johnson Selected As Trophy Guardians In World Tennis Series.

NEW YORK, Aug. 7.—William T. Tilden of Philadelphia and William M. Johnston of San Francisco will again be the mainstay of the American Davis cup team which will defend the trophy this year. Telegrams were dispatched today to "Big Bill" and "Little Bill" informing them of their selection by the United States Lawn Tennis association Davis cup committee.

Two other members of the team will be chosen from the following stars:

Vincent Richards, Francis T. Hunter, R. Norris Williams, Watson M. Washburn, Howard Kinsey, Robert Kinsey and Clarence Griffin.

French Team Sails Saturday.

PARIS, Aug. 7.—The French Davis cup team going to the United States to meet the winner of the finals in the American zone competition for the world's lawn tennis trophy will be composed of Jean Borotra, captain, Jacques Brugnon and Rene Lacoste. The team will sail Saturday. Henri Cochet has found it impossible to make the trip.

Boosters Go Ahead In Pitchers' Battle

DES MOINES, Ia., Aug. 7.—Des Moines nosed ahead of St. Joseph here yesterday, winning a pitchers' battle between Stokes and McColl by a 2 to 1 score. Stokes held the Saints to three hits, a home run by Miller counting the visitors' only tally. Hamilton's single, Stuvengen's double and Stokes' squeeze bunt scored the winning run for Des Moines in the seventh. Both teams fielded without error. The score:

BY GREGG M'BRIDE.

The battle for 1924 supremacy in Nebraska tennis was resumed Thursday morning with eight candidates in the race for the trophy emblematic of the Nebraska singles championship. The eight survivors of a field of sixty-four entrants forged to the front of the pack in a Wednesday tennis program crowded with matches which kept the University of Nebraska courts hot from morning until dusk.

Contenders remaining in the fight for the state title are Ralph Newell of Omaha, Harry Ellis of Holdrege, John Calvert and C. L. Young of York, Charles Mathewson of Walthill and Don Elliott, Paul Mahood, Fred Archard of Lincoln. Elliott is the present Nebraska champion.

The draw in the upper quarter brings together Harry Ellis and C. L. Young. Ellis, a veteran of Nebraska courts and perhaps one of the best tennis generals in the realm of Cornhusker racqueteers, won a victory over Joe Stanton, another grizzled warrior of tennisdom, in a two set match which lasted two hours and every point of which was stubbornly contested.

Young Conquers Russell.

Young, another player well along in years, won a sensational victory over Bob Russell, former member of the University of Nebraska tennis team and partner with Don Elliott in the 1923 championship doubles team.

Russell, playing a near-perfect game, smashed and volleyed his way to a six-love victory in the first set. In the face of a rather disheartening showing in the opening set, Young refused to haul down his colors and pulled out the match by steady play, which netted him 6-3, 6-1 victories in the two final sets.

Fred Archard, former city champion, will oppose Charley Mathewson of Walthill in the other match of the upper bracket. Archard was forced to the limit Wednesday to win over Gordon Diesing, Omaha junior, in a bitterly contested three-set match, 4-6, 6-1, 6-4. The pair battled on even terms throughout the deciding set.

Mathewson, runner-up in the 1923 tournament, came from behind to win the opening set from Gregg McBride, 7-5. In the second set, his cross court play passed McBride at the net and he won, 6-4.

York Veteran Meets Mahood.

John Calvert, who has weathered the storm of countless tournaments, will face Paul Mahood, present Lincoln city champion. An interesting battle is expected. Mahood is playing strong game this season, while Calvert has been presenting some of the best tennis of his long career with the racquet.

Ralph Newell of Omaha is due to face Don Elliott, present state champion, in the other lower bracket match. Newell, who swings a racquet with either hand, played brilliantly Wednesday in disposing of Ray Phelps, another Omaha player, in straight sets. Elliott has encountered little opposition in the early rounds of the tourney.

In the junior singles, J. D. Ringwalt of Omaha and Alfred Calvert of York, have reached the semi-finals. Ringwalt has worked his way to the semi-windup without the loss of a set. He eliminated Maurice McAvoy, Fillmore county interscholastic champion, Wednesday afternoon, 6-2, 6-0.

Calvert Wins Two Matches.

Calvert won from Robert McDonald of West Point, 8-6, 6-3, in the morning and pushed aside Ben Stilphen of Omaha in the afternoon quarter-finals, 6-2, 6-3.

Al Finkel, present junior champion, is favored to survive the third round and meet Calvert in the semi-finals, while Tom Elliott is picked to oppose Ringwalt in the lower bracket.

The three-set battle in which Ralph Newell of Omaha, and E. S. Fullbrook of Lincoln defeated Stilphen and Ringwalt of Omaha featured the afternoon play in doubles. The Omaha juniors won the first set, 6-4, but yielded to the seniors in the second set, 1-6. In the deciding set, Newell and Fullbrook set the the pace, but were forced into a deuce set before they could win, 7-5.

Russell and Elliott.

Russell and Elliott, the state championship team, won handily from Straka and Ward. Davis and Ellis, former state champions, disposed of Vail and McTague, 6-4, 6-0. McBride and Stanton won easily from Hansen and Burkhardt, while Archard and Mahood, Lincoln city title-holders, took the measure of Geeson and Moritz of Seward.

Finals in the men's singles are scheduled for Saturday afternoon while the champion matches in the junior singles will probably be played Friday.

Summary of Wednesday results:

Pennant Fever Breaks Out In St. Louis Camp

ST. LOUIS, Aug. 7.— Pennant dreams that were so tragically buried after the crucial series with the New York Yankees near the end of the 1922 season have thrown their magic touch around the Browns' rooters as a result of the local Americans' recent sensational drive toward the leading position of the American league.

Having humbled Washington in five straight games the Browns brought their string of victories to six yesterday by trouncing the Senators and today were prepared to continue their pennant drive at the expense of the second-division Athletics.

PREMIER JOCKEY TRAGEDY VICTIM

Sande Hurled From Saddle In Spill On Saratoga Race Track.

ESCAPES AMPUTATION.

SARATOGA SPRINGS, N. Y., Aug. 7.—Earl Sande, premier American jockey, who was seri- injured in a spill at the race track here yesterday, will not have to suffer amputation of his leg, it was stated by attending surgeons today.

SARAOGA SPRINGS, N. Y., Aug. 7.—Earl Sande, world's most famous jockey, will never ride again, it was said today by physicians at the Saratoga hospital where Sande was taken after the spill in the first race yesterday afternoon when three horses ran over him.

"Sande's life is not in danger," said Dr. D. C. Moriarita, "although he suffered a multiple fracture of the thigh and possible fracture of a left rib."

Even if the jockey does not lose a leg, racing men said today the period of recovery will make him too heavy to ride. An X-ray of the injured leg was to be made by Dr. James Russell of Roosevelt hospital, New York.

Ten Thousand Saw Tragedy.

Ten thousand people saw the accident, which occurred in the first race as Sande was riding James Butler's Spurt. Marinelli, riding Senor on the outside, swerved in suddenly for position. Spurt went down when shoved by other horses.

Sande was flung into the air and hit the turf directly in front of the other horses. Speckled Beauty, Semper and Cathleen Ni Houlihan stumbled over the prostrate jockey.

Sande gamely dragged himself to the fence out of the way of the horses in the rear.

The jockey's beautiful young wife, who witnessed the accident, was still prostrated today. She collapsed at the track.

Marinelli, blamed by the judges and spectators for the accident, was suspended. The jockey club stewards were expected to act on his case today.

TAKE MEASURES AGAINST TYPHOID

This Is Season of Year When Sporaic Cases May Be Expected.

Determining of Source of Trouble Is Best Preventative Measure.

This is the season of the year to expect sporadic cases of typhoid fever, according to the department of health The greatest danger lies in the fact that if cases are not properly handled and the source of infection discovered an epidemic is likely to occur, the department declares

Four cases were reported in Lincoln during the last month and in each the source of infection was satisfactorily determined There was nothing in common between any of the cases

The bulletin issued by the department continues

Typhoid fever is a filth disease, dangerous to life, expensive, troublesome and alarming It is expensive because the illness extends over a long period of time, troublesome because of the numerous details connected with the work of this department in ferreting out the source of the infection and establishing preventive measures alarming and dangerous because of the uncertainty of the outcome of the disease both to the immediate family and the public

When a case of typhoid fever is reported in Lincoln this department immediately orders an investigation A public health nurse proceeds to the premises, placards the house, also places a notice to milk man in a most conspicuous place She fills in a questionnaire of some 200 questions, answered preferably by the patient or if the patient is too sickly, some one in the household familiar with conditions gives answers The nurse also leaves printed matter covering cause, prevention and spread of the disease A sanitary inspector is sent to inspect the premises and the neighborhood After the answers to questionnaire and report of sanitary inspector have been studied the superintendent of health makes a separate investigation Different suspected sources are investigated and a picture of the whole situation resulting from the investigations usually points to the source of infection The final work comes in abating the source

In addition this department mails to the attending physician a copy of instructions to be followed in homes where typhoid fever exists The instructions are the same as were left at the home by the nurse A letter is addressed to the attending physician acknowledging the report of the disease, requesting his cooperation in immunizing all contacts and seeing that instructions are strictly enforced

The water, food and milk supplies in Lincoln have been investigated and pronounced free from typhoid infection

WHEAT—Influenced by an advance in quotations at Liverpool and by reports of progressive at the reparations conference the wheat market here showed an early upward tendency today. Black rust reports from North Dakota and Manitoba counted also as a bullish factor. Large sales of wheat here however to go into store were something of an offset later. The opening which ranged from to higher September $ ... to 1 8½ and December $1 32 to 1 3 ... were followed by sizable further gains and then by a moderate setback.

Subsequently indications of liberal export business together with gossip that the peak of the winter wheat movement had been passed had a stimulating effect. Further bullish reports about the reparations conference were also a factor in the late dealings. The close was strong ... September $1 ... and December $1 ...

CORN—Corn and supplies except for some speculative buying at the start. After opening ... c to 1½c higher December $1 ... the market dropped more than ... cents in some cases.

Later the corn market rallied in connection with bullish reports about the reparations conference. The close was firm ... to 1½ net higher December $1 ...

OATS—Oats were easier sympathizing with corn. The opening varied from c lower to ... c up September 49 to 9½ but then the market receded to below ... and a finish for all deliveries.

PROVISIONS — Provisions reflected weakness of corn.

G. O. P. Headquarters Arranges Speaking Tour For McMullen

Adam McMullen republican nominee for governor is filling a series of scattered speaking engagements through the state but after September 1 he will travel on a schedule prepared for him at g o p state headquarters. For two months preceding election Mr McMullen will be on the stump nearly every week day.

He will address a farmers and merchants picnic crowd at Springfield on August 22 that being the latest date on his list at present.

McMullen talked at Mason City on Wednesday and was billed for Alliance on Thursday. He is to make a speech at Scottsbluff before returning hometo W more.

A speech will be delivered by Attorney General Spillman at the Genoa chautauqua on August 1 ...

Congressman John H Morehead of the First district is to address a picnic audience at Syracuse on the twenty first. His republican opponent R H Thorpe will also be there on the same date.

TEMPERATURE IS HIGH FOR WEEK

Mercury Registers Over Normal For First Time This Summer.

For the first time this summer the average temperature for a week was above normal and harvesting conditions were good according to the crop report of the United States weather bureau for the week ending August 5. The report follows:

Temperatures averaged from normal to 4 degrees above normal during the week sunshine was abundant and rainfall was below normal except in northern counties from Cherry eastward. Harvesting threshing and haying continued under favorable weather conditions and the yields of wheat and oats are generally better than had been expected. There was some injury to oats by rust in northeastern counties. The progress and condition of corn were mostly very good to excellent but there are sections especially in the southern portion of the state where rain is needed. Some fields are being damaged by chinch bugs in Pawnee county. Plowing for winter wheat has begun in southern counties. Potatoes alfalfa pastures and beets are all doing well in most localities but in a few places more rain is needed. In fact the need of moisture is beginning to be felt through out the state except in the north eastern portion. The drought continues in the far western counties but irrigated crops are doing well there.

LIONS IN FAVOR OF BOOSTER DAY

Plan Program in Honor of Links On August 22.

By a unanimous vote taken at the noon meeting Thursday the Lions club went on record in favor of a booster day for the Lincoln baseball team. The club approved the tentative date August 2 ... when the Omaha team opens a series here as the time to stage the booster program.

As a part of the program at the luncheon the club entertained the members of the team and each player was introduced to the members. Mayor Zehrung was also a guest and when introduced as one of the oldest fans in the city talked briefly on some of the early day ball teams in Lincoln. He mentioned several of the old timers who went from the Lincoln team to the majors and said that he hoped the entire city would get behind the booster day proposal and help put it over in away that would cause the owners of the franchise to feel that the city is behind them.

Manager Josh Clarke told the Lions that he had a team of fighters and although they may not win the penant this year the coming season would see his players out there battling around the head of the list from the first to the last day. He also said that if the people of Lincoln would stick with the club the owners would give the city a ball club of which Lincoln could well feel proud.

DANIEL A. TOBIN NAMED DIRECTOR

NEW YORK Aug 7—Election of officers criticism of both major political parties for failing to denounce the Ku Klux Klan and reading of the blessing sent by Pope Pius XI marked the second day's session of the forty second annual convention of the Knights of Columbus.

The convention was to convene today for the final session at which consideration will be given to internal and external activities of the order for the next year.

Daniel A Tobin Brooklyn was elected supreme director to succeed William P Larkin of New York. Dr F W Lahey St Paul was elected supreme physician defeating Dr Mathew A Tinley of Iowa. Elections to the supreme board of directors included Frank Matthews of Nebraska.

Dewey Held To District Court

Albert E Dewey was bound over to the District court Wednesday afternoon by Judge W T Stevens on a charge of passing a bad check for $20. The bond was fixed at $700.

It was alleged that on the evening of July 14 Dewey called Piller's Drug store saying that his name was Gus Lessenhop and asking them to deliver some articles to Lessenhop's apartment at Twenty fifth and Q street. He also asked them to bring change for a twenty dollar bill. When the delivery boy arrived the witness testified Dewey handed him the check signed by Lessenhop and took the change. However he only reached his hand through the open door saying that he was preparing to take a bath. The boy did not see the man who gave him the check.

Paul Case and Carl W Lessenhop were among the state's witness. Lessenhop testified that the signature on the check was not that of his brother.

The defense maintained that no crime was shown to have been committed in that the bank upon which the check was drawn had accepted and paid it. It was contended that if the signature had not been genuine the bank would have discovered ...

TESTIMONY OF GIRL WITNESS IS ATTACKED

(Continued from Page One)

"Yes you would laugh at anything except possibly a hanging and I think may be you would laugh at the hanging of these boys."

The examination of the witness led to constant wrangling between Mr Crowe and the veteran defense counsel chief and Judge Caverly left his chair leaned far over the railing about the bench and in a low pitched voice made a long ruling as to the admissibility of the evidence the defense was trying to bring out.

Schrayer testified that he regarded Loeb as abnormal that Loeb was not permitted the responsibility of being a mentor over freshmen a duty of seniors at the university and that Loeb was a good book student but apparently did not seem to have logical common sense and was rather impractical.

Schrayer said their fraternity had censured Loeb for drinking.

Loeb leaned forward and watched Schrayer closely smiling at times and conferring with counsel.

Schrayer denied that his fraternity pledge bound him to aid Loeb under the present circumstances.

Schrayer was execused at 12 02 p m.

Miss Nathan Called

Miss Lorraein Nathan former friend of Loeb was the next witness. She appeared even younger than her announced age of 18.

Miss Nathan said Loeb was just a schoolday friend and that since June 1923 she had noticed a decided change in his demeanor.

Terms Actions Idiotic.

She said that upon one occasion when Loeb had called at her home he had poked his thumb into all the rolls on a plate trying to find the softest one. She said she regarded that as idiotic btu that her sister had called it cuckoo.

Mr Crowe was questioning Miss Nathan by using a transcript of a statement she had made shortly after Loeb was arrested for the Franks murder. He sought to show that she had changed her testimony on the stand today.

An objection by Mr Darrow who asserted Miss Nathan should be shown the record of her statement before it was used in court led to another wrangle between Darrow and Crowe and Judge Caverly adjourned court at 1 0 p m until 1 00 p m directing the opposing counsel to have their authorities ready for him to review at that time.

CONSIDER MEANS TO RAISE FUNDS

(Continued from Page One)

people of Lincoln are not supporting the assembly because there are a numberof Lincoln people on the grounds said Mr Avery. However Mr Fulmer said that the representatives of towns trying to get the assemby to move guaranteed support. It is a lack of daily gate receipts that is making the deficit.

The assembly is providing an opportunity for standing boards and committees to meet. The board of home missions and church extension of the Nebraska conference met Thursday morning and the cabinet was to meet with Bishop Keeney in the afternoon. The committee on church policy met at 2 o'clock. District superintendents and ministers of nearly every denomination have been holding conferences on the grouds.

Not to Elect Officers

No officers of the assembly will be elected at the convention Friday. Mr Fulmer explained but a board of directors of eleven members will be chosen and after it is approved by the annual conference of the Methodist church which meets in September it will appoint officers not necessarily members of the board and choose its executive committee from among its own members.

The horseshoe tournament will reach its final stage Saturday morning and the tennis baseball and volley ball tournaments are under way. Boat racing will be Friday and Saturday morning at 8 o'clock. C C Stanton in charge of athletics said.

The hospital association of the church has maintained a nurse on the grounds but there have been no accidents so far and no illness among the 1 500 campers.

The treasurers books have recently been audited by a certified public accountant Mr Avery announced and are at the headquarters building for inspection.

Dorothy Ellen Cole in a program of humorous stories and readings was to appear Thursday afternoon at 3 30 and at 8 30 Captain Applejack a comedy is to be given by the William Keighley company. The Great Maritime Plain is the title of the motion pictures at 8 30 in Epworth hall.

After the convention Friday morning Bishop Keeney will preach and I C Oberlies of the Nebraska state board of control will speak in the afternoon on Our State Institutions.

To Hold First Aid Demonstrations in Industrial Plants

Definite plans are being framed for the holding of first aid demonstrations in a number of Lincoln industrial plans beginning August 12 with the arrival here of a Red Cross first aid car making a tour of the country. The car is now making a trip over the Rock Island lines and will be in Lincoln until August 1 ...

A committee of which C B Towle of Curtis Towle & Paine is the chairman is making the plans for the demonstrations. The other members of the committee are R F Mattison of the Lincoln Telephone and Telegraph company W F Ackerman superintendent of the Burlington shops at Havelock and Everett B Sawyer of the Cushman Motor works.

RELIEF PROMISED FROM HEAT WAVE SWEEPING EAST

Several Deaths And Scores Of Prostrations Follow Torrid Blasts.

(Associated Press)

WASHINGTON Aug —Relief from the heat wave which has gripped the eastern sections of the country for the last three days causing several deaths and many prostrations is promised by tonight or tomorrow by the weather bureau.

Intense heat ... the middle west began to disappear this morning with a general temperature slowly receding for that region. The far north west reported a general temperature of 60 degrees.

Washington yesterday experienced the hottest day since 1918. Twelve prostrations were reported to local hospitals.

Many Prostrations

NEW YORK Aug —New York faced another scorching day with a temperature of 82 at 10 o'clock today. Two deaths one a case of suicide and more than a score of prostrations have been reported in 4 hours.

Two Die In Pittsburgh

PITTSBURGH Aug 7—Two deaths have been caused by the heat wave which has held Pittsburgh in its grip this week. Many prostrations have occured.

WALTON VICTORY SEEMS ASSURED

Little Change In Kansas

KANSAS CITY Aug 7—A day's tabulation of returns of the Kansas primary Tuesday made little relative change in the standings of the candidates.

Senator Arthur Capper republican and Governor Jonathan M Davis democrat easily led their fields and piled up leads of 30 000 to 90 000. The race for the republican gubernatorial nomination however proved a fairly close one with latest return cutting down slowly the lead that B S Paulen Fredonia banker had over Clyde M Reed of Parsons and ex Gov W R Stubbs of Lawrence.

The five sided race for the democratic nomination for United States senator is running fairly close with James Malone of Topeka somewhat ahead of Edward T Hackney.

Results In Missouri

St LOUIS Aug —Dr Arthur W Nelson of Bunceton democrat and Sam A Baker republican of Jefferson City are the nominees of their respective parties for governor in the November election according to reports of Tuesday's primary from all but 9 ... of the state's 3 98 precincts. Nelson was expected to finish with a lead of approximately 60 000 and Baker 40 000.

CROWN PRINCE ARRIVES

BUENOS AIRES Aug —Crown Prince Humbert of Italy arrived for on official visit to Argentina.

WEATHER CONDITIONS

Light showers have again fallen in Nebraska and the middle and lower Mississippi valley and there were scattered showers in the Ohio valley and the Lake region. It has become cooler in the lake region and the Ohio valley but hot weather continues in the Atlantic coast states. Temperatures are near or some what above normal in the Missouri Valley and the west. Pressure is rising in the Rocky Mountain region and westward.

SUES FORMER BANKERS FOR HALF MILLION

(Continued from Page One)

porations the funds of plaintiff were loaned in large amounts. The aggregate of these loans was also in excess of ten per cent of the bank's capital stock and surplus and they were therefore in violation of the national banking act. A large part of the loans have become worthless it is asserted.

Say Loans Worthless

It is further alleged that as a part of the scheme to use the funds of the plaintiff for their own profit defendants entered into an agreement with A C Hebb Lloyd A Winship E C Hammond and W S Jones to organize the Nebraska Aircraft corporation for the purpose of purchasing airplanes and parts therefor from the United States government. The purchases were made and the property purchased was owned in equal parts by defendants and Hebb Winship Hammond and Jones. In violation of their duty to the bank defendants caused large sum of its money to be loaned to the Nebraska Aircraft corporation the aggregate of such loans being in excess of ten per cent of the bank's capital and surplus and therefore in violation of the national banking act. These loans it is declared were without security and were worthless.

A further complaint is that the defendants entered into a scheme with Hebb Hammond and Winship to organize the Standard Securities company for the purpose of financing the ... of motor trucks by the Hebb Motors company and its agents and ... own and ... the capital stock of the Hebb Motors company and the Nebraska Aircraft corporation. Defendants it is alleged were equal owners with Hebb Winship and Hammond in this corporation and in violation of their duties as officers and directors in the bank loaned its funds in large sums to the Standard company and purchased from that corporation and took into the assets of the bank a large number of notes which had been taken by the agents of the Hebb and Patriot Motors company. These were reported to have been signed by ... persons ... corporations and to have been secured by first mortgages upon the trucks sold to the ... of the notes. They were not so secured it is alleged and defendants neglected to see to the filing of the mortgages so that other persons filed mortgages and secured first liens upon the trucks.

Exceeded Legal Limit

The aggregate of the loans to the corporation was also in excess of ten per cent of the capital stock and surplus of the bank and they were therefore in violation of the national banking act. The loans made directly to the Standard Securities corporation were worthless as were a large number of the notes purchased from it according to the petition.

A further result of the agreement between defendants and Hebb Winship and Hammond was the organization of the Patriot Motors company to which defendants loaned large sums of plaintiff's money such loans being worthless.

In an ... out the alleged ... spiracy it is declared defendants loaned large sums of plaintiff money to Hebb Hammond Winship and Jones such loans being uncollectable. One of the devices used for disposing of plaintiff's money is said to have been the Union Securities company the exact nature of which is unknown to plaintiff. It is ... held by the latter however to have been only a name used by Winship and Hammond for the purpose of borrowing money from this plaintiff.

Plaintiff further alleges that ... for the purpose of preventing the directors of the bank from learning the ... and true condition of the ... that had been made to the ... and corporations in which ... were interested ... took ... valuable assets belonging to ... persons and held by plaintiff in escrow placing these in the hands of a correspondent bank as security for a large amount of the worthless loans. The members of the board of directors were compelled to contribute to plaintiff bank approximately $400 000 for the purpose of redeeming the property of its customers so wrongfully pledged.

Plaintiff therefore prays for an accounting and for judgment for $500 000 or such other and larger sum as may be found to be due it.

MARKET QUOTATIONS

LIVE STOCK MARKETS.

OMAHA, Aug. 7.

CATTLE—Receipts 3,000. With lighter receipts the fat cattle market was uneven, but just about steady at the week's decline of anywhere from 50c to $1. Heavy corn fed steers and grass cows have suffered the full force of the break. Top on fed steers was 10.60. What few feeders were here sold about steady; good grades have been fairly active all week, while others have sold rather slowly at unchanged prices.

Close: Cattle, Bulk fed steers and yearlings, 8.25@9.75.

HOGS—Receipts 12,700. Another fairly moderate supply of hogs was on offer and with shipper demand a trifle less urgent prices slumped slightly, clearance to shippers was at around 10c lower prices, while the packer deal was a mostly weak to 10c lower affair. Bulk $7.75@9.40; top, $9.50.

Close: Hogs—Bulk of all sales, $7.75@9.40.

NEW YORK STOCK MARKET.

NEW YORK, Aug. 7.

Stock prices moved irregularly higher at the opening of today's market. Profit taking in some groups was conducted simultaneously with bullish demonstrations in others, initial changes as a rule being of a fractional nature. Norfolk & Western and U. S. Castiron Pipe each gained a point.

Foreign exchanges opened steady with trading quiet.

The closing was irregular.

Further readjustment of speculative accounts gave an irregular appearance to today's stock market. Anthracite carriers led an advance in the rail shares but cross currents in the industrial list turned the trend of these issues downward. Sales approximated 800,000 shares.

GRAIN MARKETS.

CHICAGO, Ill., Aug. 7.

WHEAT—Influenced by an advance in quotations at Liverpool and by reports of progressive at the reparations conference, the wheat market here showed an early upward tendency today. Black rust reports from North Dakota and Manitoba counted also as a bullish factor. Large sales of wheat here, however, to go into store, were something of an offset later. The opening, which ranged from to ⅝ higher, September $1.27⅞ to 1.28½ and December $1.32 to 1.32½, were followed by slight further gains and then by a moderate setback.

Subsequently indications of liberal export business together with gossip that the peak of the winter wheat movement had been passed, had a stimulating effect. Further bullish reports about the reparations conference were also a factor in the late dealings. The close was strong, 1⅛@2½c net higher, September $1.29⅜@1.29⅝ and December, $1.33@1.33⅛.

CORN—Corn lacked support, except for some speculative buying at the start. After opening ⅝c to 1⅛c higher, December $1.02⅞ to 1.03, the market dropped more than 3 cents in some cases.

Later the corn market rallied in connection with bullish reports about the reparations conference. The close was firm, ⅛ to 1c net higher, December, $1.02⅞@1.03.

OATS—Oats were easier, sympathizing with corn. The opening varied from ⅛c lower to ⅝c lp, September 49 to 49⅛c, but then the market receded to below yesterday's finish for all deliveries.

PROVCISIONS — Provisions reflected weakness of corn.

TEMPERATURE IS HIGH FOR WEEK

Mercury Registers Over Normal For First Time This Summer.

For the first time this summer, the average temperature for a week was above normal and harvesting conditions were good, according to the crop report of the United States weather bureau for the week ending August 5. The report follows:

"Temperatures averaged from normal to 4 degrees above normal during the week, sunshine was abundant, and rainfall was below normal except in northern counties from Cherry eastward. Harvesting, threshing and haying continued under favorable weather conditions, and the yields of wheat and oats are generally better than had been expected. There was some injury to oats by rust in northeastern counties. The progress and condition of corn were mostly very good to excellent, but there are sections, especially in the southern portion of the state, where rain is needed. Some fields are being damaged by chinch bugs in Pawnee county. Plowing for winter wheat has begun in southern counties. Potatoes, alfalfa, pastures and beets are all doing well in most localities, but in a few places more rain is needed. In fact the need of moisture is beginning to be felt throughout the state except in the northeastern portion. The drought continues in the far western counties, but irrigated crops are doing well there."

LIONS IN FAVOR OF BOOSTER DAY

Plan Program in Honor of Links On August 22.

By a unanimous vote taken at the noon meeting Thursday the Lions club went on record in favor of a booster day for the Lincoln baseball team. The club apprved the tentative date, August 22, when the Omaha team opens a series here, as the time to stage the booster program.

As a part of the program at the luncheon, the club entertained the members of the team and each player was introduced to the members. Mayor Zehrung was also a guest and when introduced as one of the oldest fans in the city talked briefly on some of the early day bal lteams in Lincoln. He mentioned several of the old timers who went from the Lincoln team to the majors and said that he hoped the entire city would get behind hebooster day proposal and help put it over in away that would cause the owners of the franchise to feel that the city is behind them.

Manager Josh Clarke told the Lions that he had a team of fighters and although they may not win the penant this year, the coming season would see his players out there batting the firs h las....Pgal udsbzosht TA tling around the head of the list from the first to the last day. He also said that if the people of Lincoln would "stick with the club, the owners would give the city a ball club of which Lincoln could well feel proud."

DANIEL A. TOBIN NAMED DIRECTOR

NEW YORK, Aug. 7.—Election of officers, criticism of both major political parties for failing to denounce the Ku Klux Klan and reading of the blessing sent by Pope Pius XI marked the second day's session of the forty-second annual convention of the Knights of Columbus.

The convention was to convene today for the final session at which consideration will be given to internal and external activities of the order for the next year.

Daniel A. Tobin, Brooklyn, was elected supreme director to succeed William P. Larkin of New York. Dr. F. W. Fahey, St. Paul, was elected supreme physician, defeating Dr. Mathew A. Tinley of Iowa. Elections to the supreme board or directors included Frank Matthews of Nebraska.

Dewey Held To District Court

Albert E. Dewey was bound over to the District court Wednesday afternoon by Judge W. T. Stevens on a charge of passing a bad check for $20. The bond was fixed at $700.

It was alleged that on the evening of July 14, Dewey called Piller's Drug store saying that his name was Gus Lessenhop, and asking them to deliver some articles to Lessenhop's apartment at Twenty-fifth and Q street. He also asked them to bring change for a twenty dollar bill. When the delivery boy arrived, the witnese testified, Dewey handed him the check signed by Lessenhop and took the change. However, he only reached his hand through the open door, saying that he was preparing to take a bath. The boy did not see the man who gave him the check.

Paul Case and Carl W. Lessenhop were among the state's witness. Lessenhop testified that the signature on the check was not that of his brother.

The defense maintained that no crime was shown to have been committed in that the bank upon which the check was drawn had accepted and paid it. It was contended that if the signature had not been genuine the bank would have discovered it.

Dewey had pleaded not guilty to the charge.

TESTIMONY OF GIRL WITNESS IS ATTACKED

(Continued from Page One.)

"Yes, you would laugh at anything, except possibly a hanging, and I think may be you would laugh at the hanging of these boys."

The examination of the witness led to constant wrangling between Mr. Crowe and the veteran defense counsel chief, and Judge Caverly left his chair, leaned far over the railing about the bench, and, in a low pitched voice, made a long ruling as to the admissibility of the evidence the defense was trying to bring out.

Schrayer testified that he regarded Loeb as abnormal, that Loeb was not permitted the responsibility of being a mentor over freshmen, a duty of seniors at the university, and that Loeb was a good book student, but apparently did not seem to have logical common sense and was rather impractical.

Schrayer said their fraternity had censured Loeb for drinking.

Loeb leaned forward and watched Schrayer closely, smiling at times and conferring with counsel.

Schrayer denied that his fraternity pledge bound him to aid Loeb under the present circumstances.

Schrayer was execused at 12:02 p. m.

Miss Nathan Called.

Miss Lorraein Nathan, former friend of Loeb, was the next witness. She appeared even younger than her announced age of 18.

Miss Nathan said Loeb was "just a schoolday friend" and that since June, 1923, she had noticed a decided change in his demeanor.

Terms Actions "Idiotic."

She said that upon one occasion when Loeb had called at her home he had poked his thumb into all the rolls on a plate, trying to find the softest one. She said she regarded that as idiotic, btu that her sister had called it "cuckoo."

Mr. Crowe was questioning Miss Nathan by using a transcript of a statement she had made shortly after Loeb was arrested for the Franks murder. He sought to show that she had changed her testimony on the stand today.

An obpection by Mr. Darrow, who asserted Miss Nathan should be shown the record of her statement before it was used in court, led to anothre wrangle between Darrow and Crowe and Judge Caverly adjourned court at 12:20 p. m., until 1:50 p. m., directing the opposing counsel to have their authorities ready for him to review at that time.

CONSIDER MEANS TO RAISE FUNDS

(Continued from Page One.)

people of Lincoln are not supporting the assembly because there are a numberof Lincoln people on the grounds," said Mr. Avery. However, Mr. Fulmer said that the representatives of towns trying to get the assemby to move guaranteed support. It is a lack of daily gate receipts that is making the deficit.

The assembly is providing an opportunity for standing boards and committees to meet. The board of home missions and church extension of the Nebraska conference met Thursday morning and the cabinet was to meet with Bishop Keeney in the afternoon. The committee on church policy met at 2 o'clock. District superintnedents and ministers of nearly every denomination have been holding conferences on the grouds.

Not to Elect Officers.

No officers of the assembly will be elected at the convention Friday, Mr. Fulmer explained, but a board of directors of eleven members will be chosen, and after it is approved by the annual conference of the Methodist church which meets in September, it will appoint officers, not necessarily members of the board, and choose its executive committee from among its own members.

The horseshoe tournament will reach its final stage Saturday morning and the tennis, baseball and volley ball tournaments are under way. Boat racing will be Friday and Saturday morning at 8 o'clock, C. C. Stanton, in charge of athletics, said.

The hospital association of the church has maintained a nurse on the grounds, but there have been no accidents so far and no illness among the 1,500 campers.

The treasurers' books have recently been audited by a certified public accountant, Mr. Avery announced, and are at the headquarters building for inspection.

Dorothy Ellen Cole, in a program of humorous stories and readings, was to appear Thursday afternoon at 3:30, and at 8:30 "Captain Applejack," a comedy, is to be given by the William Keighley company. "The Great Maritime Plain" is the title of the motion pictures at 8:30 in Epworth hall.

After the convention Friday morning Bishop Keeney will preach and L. C. Oberlies of the Nebraska state board of control will speak in the afternoon on "Our State Institutions."

To Hold First Aid Demonstrations in Industrial Plants

Definite plans are being framed for the holding of first aid demonstrations in a number of Lincoln industrial plans beginning August 12, with the arrival here of a Red Cross first aid car making a tour of the country. The car is now making a trip over the Rock Island lines and will be in Lincoln until August 15.

A committee of which C. B. Towle of Curtis, Towle & Paine, is the chairman, is making the plans for the demonstrations. The other members of the committee are R. E. Mattison of the Lincoln Telephone and Telegraph company; W. F. Ackerman, superintendent of the Burlington shops at Havelock; and Everett B. Sawyer of the Cushman Motor works.

G. O. P. Headquarters Arranges Speaking Tour For McMullen

Adam McMullen, republican nominee for governor, is filling a series of scattered speaking engagements through the state, but after September 1 he will travel on a schedule prepared for him at g. o. p. state headquarters. For two months preceding election, Mr. McMullen will be on the stump nearly every week day.

He will address a farmers' and merchants' picnic crowd at Springfield on August 22, that benig the latest date on his list at present.

McMullen talked at Mason City on Wednesday and was billed for Alliance on Thursday. He is to make a speech at Scottsbluff before returning hometo Wymore.

A speech will be delivered by Attorney General Spillman at the Genoa chautauqua on August 12.

Congressman John H. Morehead of the First district is to address a picnic audience at Syracuse on the twenty-first. His republican opponent, R. H. Thorpe, will also be there on the same date.

Walton Brings Fraud Charges

OKLAHOMA CITY, Aug. 7.—Charging that there have been "flagrant violations of the election laws in certain counties by persons controlled by the grand dragon," (of the Ku Klux Klan,) former Gov. J. C. Walton, democratic senatorial candidate, last night issued a statement saying he would demand a "full investigation" in the counties in question. He declared that returns from the primary showed that he had been nominated by "a substantial vote."

RELIEF PROMISED FROM HEAT WAVE SWEEPING EAST

Several Deaths And Scores Of Prostrations Follow Torrid Blasts.

(Associated Press.)

WASHINGTON, Aug. 7.—Relief from the heat wave which has gripped the eastern sections of the country for the last three days, causing several deaths and many prostrations, is promised by tonight or tomorrow by the weather man.

Intense heat in the middlewest began to disappear this morning with a general temperature slowly receding for that region. The far northwest reported a general temperature of 60 degrees.

Washington yesterday experienced the hottest day since 1918. Twelve prostrations were reported to local hospitals.

Many Prostrations.

NEW YORK, Aug. 7.—New York faced another scorching day with a temperature of 82 at 10 o'clock today. Two deaths, one a case of suicide and more than a score of prostrations have been reported in 24 hours.

Two Die In Pittsburgh.

PITTSBURGH, Aug. 7—Two deaths have been caused by the heat wave which has held Pittsburgh in its grip this week. Many prostrations have occurred.

WALTON VICTORY SEEMS ASSURED

(Continued from page One.)

Walton would ultimately gain a plurality of 10,000 votes.

When tabulation of returns was suspended last night Walton had 62,247; Howard 58,163; former Senator T. P. Gore, 39,355; Wrightsman, 38,093, and former State Attorney General S. P. Freeling, 11,902.

Walton is a bitter opponent of the Ku Klux Klan and severely attacked that organization in his campaign speeches. Howard and Wrightsman were known to have the endorsement of the klan.

With more than a 2 to 1 lead over his nearest opponent, W. B. Pine of Okmulgee, seems assured of the republican senatorial nominations. Returns from 1,137 precincts gave Pine 28,023; Lorton 13,952; Scott 7,373; Leedy 1,628; Leiber 1,089; Bingham 987.

Pine had the endorsement of the Ku Klux Klan, while Lorton opposed that organization.

Incumbent congressmen were leading their opponents in districts where there were contests.

Little Change In Kansas.

KANSAS CITY, Aug. 7.—A day's tabulation of returns of the Kansas primary Tuesday made little relative change in the standings of the candidates.

Senator Arthur Capper, republican, and Governor Jonathan M. Davis, democrat, easily led their fields and piled up leads of 30,000 to 90,000. The race for the republican gubernatorial nomination, however, proved a fairly close one, with latest return cutting down slowly the lead that B. S. Paulen, Fredonia banker, had over Clyde M. Reed of Parsons, and ex-Gov. W. R. Stubbs of Lawrence.

The five sided race for the democratic nomination for United States senator is running fairly close, with James Malone of Topeka, somewhat ahead of Edward T. Hackney.

Results In Missouri.

St. LOUIS, Aug. 7.—Dr. Arthur W. Nelson of Bunceton, democrat, and Sam A. Baker, republican of Jefferson City, are the nominees of their respective parties for governor in the November election, according to reports of Tuesday's primary from all but 927 of the state's 3,987 precincts Nelson was expected to finish with a lead of approximately 60,000 and Baker 40,000.

CROWN PRINCE ARRIVES.

BUENOS AIRES, Aug. 7.—Crown Prince Humbert of Italy, arrived for on official visit to Argentina.

WEATHER CONDITIONS.

Light showers have again fallen in Nebraska and the middle and lower Mississippi valley, and there were scattered showers in the Ohio valley and the Lake region. It has become cooler in the lake region and the Ohio valley, but hot weather continues in the Atlantic coast states. Temperatures are near or somewhat below normal in the Missouri Valley and the west. Pressure is rising in the Rocky Mountain region and westward.

SUES FORMER BANKERS FOR HALF MILLION

(Continued from Page One.)

porations the funds of plaintiff were loaned in large amounts. The aggregate of these loans was also in excess of ten per cent of the bank's capital stock and surplus and they were therefore in violation of the national banking act. A large part of the loans have become worthless, it is asserted.

Say Loans Worthless.

It is further alleged that as a part of the scheme to use the funds of the plaintiff for their own profit, defendants entered into an agreement with A. G. Hebb, Lloyd A. Winship, E. C. Hammond and W. S. Jones to organize the Nebraska Aircraft corporation for the purpose of purchasing airplanes and parts therefor from the United States government. The purchases were made and the property purchased was owned in equal parts by defendants and Hebb, Winship, Hamomnd and Jones. In violation of their duty to the bank defendants caused large sums of its money to be loaned to the Nebraska Aircraft corporation, the aggregate of such loans being in excess of ten per cent of the bank's capital and surplus and therefore in violation of the national banking act. These loans, it is declared, were without security and were worthless.

A further complaint is that the defendants entered into a scheme with Hebb, Hammond and Winship to organize the Standard Securities company for the purpose of financing the sale of motor trucks by the HHebb Motors company and its agents and to own and to deal in the capital stock of the Hebb Motors company and the Nebraska Aircraft corporation. Defendants, it is alleged, were equal owners with Hebb, Winship and Hammond in this corporation, and in violation of their duties as officers and directors in the bank, loaned its funds in large sums to the Standard company and purchased from that corporation and took into the assets of the bank a large number of notes which had been taken by the agents of the Hebb and Patriot Motors company. These were represented to have been signed by solvent persons and corporations and to have been secured by first mortgages upon the trucks sold to the makers of the notes. They were not so secured, it is alleged and defendants neglected to see to the filing of the mortgages so that other persons filed mortgages and secured first liens upon the trucks.

Exceeded Legal Limit.

The aggregate of the loans to this corporation was also in excess of ten per cent of the capital stock and surplus of the bank and they were therefore in violation of the national banking act. The loans made directly to the Standard Securities corporation were worthless, as were a large number of the notes purchased from it, according to the petition.

A further result of the agreement between defendants and Hebb, Winship and Hammond was the organization of the Patriot Motors company, to which defendants loaned large sums of plaintiff's money, such loans being worthless.

In carrying out the alleged conspiracy it is declared defendants loaned large sums of plaintiff's money to Hebb, Hammond, Winship and Jones, such loans being uncollectable. One of the devices used for disposing of plaintiff's money is said to have been the Union Securities company, the exact nature of which is unknown to plaintiff. It is believed by the latter, however, to have been only a name used by Winship and Hammond for the purpose of borrowing money from this plaintiff.

Plaintiff further alleges that in 1921, for the purpose of preventing the directors of the bank from learning the extent and true condition of the loans that had been made to the persons and corporations in which defendants were interested, the latter took certain valuable assets belonging to other persons and held by plaintiff in escrow, placing these in the hands of a correspondent bank as security for a large amount of the worthless loans. The members of the board of directors were compelled to contribute to plaintiff bank approximately $400,000 for the purpose of redeeming the property of its customers so wrongfully pledged.

Plaintiff therefore prays for an accounting and for judgment for $500,000 or such other and larger sum as may be found to be due it.

LIFE AND CHARACTER READING.

Leo is the sign governing this date. It is the middle sign of the Fire Triplicity, and the sign of the Lion. These people are truly followers of this King of the Forest, and may at any time place a crown of laurels upon their brow if they have the will.

The natural intuition of these people is very great, and this talent is sometimes so constantly exercised that it leads to deepseated aversion and prejudices. They have been right in their estimates of people six times out of ten, so they must be right the other four times as well.

The governing planet of this date is the Sun, and the birthstone is a diamond. The astral colors are red and green.

Stenographers, bookkeepers, clerks and all office workers are under the planet this month, and will find better positions through The Star Want Ads.

Minerva's Mail

Take Your Troubles to Minerva

Discussing Our "Serial."

Dear Minerva: I have just finished reading "Roger's" remarkable "effort" against the "reformers." I am a regular reader of your Mail. Often I get valuable ideas and practical suggestions from a letter that occupies only a small portion of the space given to one day's Mail I have spent at least two hours reading the four installments of this "effort" and have spent nearly another hour reviewing it in search of a idea or suggestion that would in any way help me to live better or accomplish more for myself or the world about me. I give it up. I have carefully figured the difference between living according to the ideas that "Roger" sets forth and being dead and these figures show full seven per cent in favor of being dead. In fact it is much better for a man to be dead than to be a living obstacle to progress

It seems clear that "Roger" began this "effort" in the hope that he would be able to discredit "Ardent" with your readers. He nearly succeeds in broadcasting denunciation of everybody whom he calls "reformers" When I read "Ardent's" letters I found many convincing and unanswerable reasons for avoiding the dance, neither does he offer any proof that I would be better physically, morally, mentally, or spiritually by becoming a patron of the dance, neither does he offer any proof that the dance would not do me all the harm that "Ardent claims it would.

"Roger" wasted a lot of paper to tell your readers that what he desires is to stop the pens and silence the mouths of all the "reformers." He wants them all sent to some island where they will be unable to annoy people who want to enjoy their "freedom." Let those who want to dance, dance. The bible says that "there is a time to dance." That proves that all dancing is right. Exile every "reformer" who writes or utters a word against the dance. The "time' to dance" is when ever you feel like it. The place, any where that's convenient. The way, is to be left to the dancer. Quadrill, waltz, fox trot, one-step, tango, shimmy, bunny-hug, etc. Late or early, Saturday or Sunday, dressed or semi-nude. "There is a time to dance". Silence the "reformers" let the people have freedom".

"Roger" would establish an order of society wherein; they that desired to dance could do so to their hearts content. They who desired motion pictures and shows, no matter how obscene or degrading, could have their desire. They who ask for booze woud be given booze. If he who consume the the booze should go home and beat his wife or drive his automobile over helpless children; every body would still be happy because there would be no pestiferous "reformers" to object or annoy.

On one occasion the Christ rebuked his disciples saying, Tuving eyes ye see not". It is evident that "Roger" has failed to "see" that the human race owes all its progress to the tireless efforts of "reformers" who have pushed humanity forward against the natural currents that would have carried them backward. For thousands of years these "reformers" have been struggling against ignorance, prejudice, and depravity. Mony of them have suffered martydom, ridicule and insult has been their lot. But they have carried us on and upward until we have reached a plain which we are pleased to call civilized. The reformer is still sticking nobly to his post of duty and would carry us on to still higher and better things. But "Roger" is going to exile the "reformer" and secure for us the unquestioned right to dance, drink booze, smoke cigaretts, see the movies, get divorces and all other necessities of freedom without any hindrance or annoyance.

"Roger" let us go out to a stock farm and spend a few hours in looking at the fine horses, cattle and swine. They are beautiful, useful and valuable. How came these magnificent animals to this high state of development? Is this perfection due to the fact that they have been given freedom to grow and develop as they please? No indeed. Their history shows that a long line of old "tyranical" stock "reformers" have been discipling, training and culturing them for generations. If we exile this stock "reformer" and give these fine animals their freedom, what will be the result? In less than twenty-five years every one of their descendants will have degenerated into inbred, worthless scrubs. Let us go out to the orchard and feast on Jonathan apples or Dunlap strawberries. They too are the result of generations of culture. Give them their freedom and they will rapidly degenerate to wild worthless plants

Any poor stock of a man can float down stream, but he who would ascend against the current will need both brain and brawn. Evil comes natural but we must strive hard to attain the good. The most worthless farmer in all Nebraska can grow enough weeds on eighty acres to seed a township. If you desire ignorance, depravity, and poverty you can sit down in the shade of a barb wire fence and acquire them all, in unlimited quantity.

It is not necessary to levy a tax, erect buildings and employ teachers to train the youth in criminality. Just give them "freedom," remove restraint and let them drift with the current and you will have no scarcity of criminals.

An, foggy" banish the "reformer" whose unselfish labor is the chief force that keeps humanity from going down stream with the current of evil and before the sun sets for the last time in the twentieth century the human race will be groping in dark barbarism.

More power to the pen of "Ardent" or any other woman or man who will warn the youth of the dangers which lurk all about them. J. D. B.

Are We Satisfied?

Dear Minerva: We are two girls wonderine why your Mail has changed so much in the last year. It is getting to be more of an old man and woman's arguing column than it is advice to girls. We have read your Mail for several years and used to get some very good things from it

But now it is some man discussing bobbed hair (we all know it is the style) and some lady arguing back at him.

Now Minerva we don't want to be finding fault for we know you give good advice. But we did enjoy letters from girls much more and got lots more out of them and we are sure that there are other girls that feel the same as we do. We are just wondering. H. and L.

A. There is a cloud in every sky, however blue. Isn't there? Now here I just returned from a wee vacation, hadn't opened a letter for several days. And as I opened the accumulation of letters, the envelopes of assorted styles and read the letters of varying characteristics, I was quite carried away with enthusiasm.

Now, thought I.. Minerva readers are going to get the sort of thrills they like. There are arguments galore released through these missives. and the makings of more arguments imprisoned in other letters. There are ideas on almost every topic of human interest, and particularly those of which many readers generally call for more—the dance problem, standards of morality whether single or double, how to win a husband and how to keep him and whether it is worth the struggle after all answers to our old reliables. 'Ardent," "Wage," "Roger," etc.—you know the type. And then I came to your plaintive little note. And at first I felt let down, just like a gay red balloon must feel when suddenly sat upon.

But like that balloon could never do, my spirits quickly rebounded.

For after all, don't I want every one who reads The Star to read Minerva's Mail, and don't I want everyone in our gang to seek for advice and inspiration along his and her particular line of interest? And when it is a material impossibility to get every type of letter in The Mail every day, isn't it flattering for my readers to impatiently call for what they want?

Why, of course it is.

Or at least I'm going to believe that way.

And I see some mighty interesting letters from youthful readers cuddled down here among the more mature discussions. And my heart aches over some, and I must smile over others, and I'm just going to publish the whole pack of them as fast as I can.

So go on reading The Mail every day and I'll try to give such an assortment from the liberal variety which I receive that you will all be entertained part of the time and many of you will be interested all of the time.

And write your youthful problems to me whenever you feel so inspired. I love your letters.

Would we really like it after all if we were satisfied?

THE SECOND MRS. STRONG

By HAZEL DEYO BATCHELOR

Copyright, 1924, by Public Ledger Company.

Matthew Strong, disgusted with life in his own set and realizing that his daughter Claudia, a wild young flapper, needs a mother, becomes engaged to his stenographer, Julie Benton.

CHAPTER VII.
Julie Shops.

It was obvious that a wedding at the Benton house in Flatbush was out of the question, nor did Matthew wish to take the chance of encountering the members of the Benton family elsewherde So it happened, Julie and Matthew were married late one afternoon in the City Hall, and went down to Atlantic City for a few days' honeymoon.

Matthew had insisted upon giving Julie money for a trousseau of sorts, and manlike had thought no more about the matter. It wasn't until the afternoon of the wedding that he noticed something wrong about her clothes. At first he did not realize what it was, and then he told himself that he was merely accustomed to seeing Julie dressed in her simple office clothes. But as a matter of fact, Julie's unaccustomed affluence had gone to her head, and the result was not too good.

Instead of purchasing her things at the more exclusive shops where her ignorance and lack of taste might have been supervised by a competent sales-woman, Julie had bought her outfit on Sixth avenue. She had wanted to be bride-like and inasmuch as she had been cheated out of the conventional white satin, she had bought a three-piece costume of pale gray made in imitation of an expensive model without looking at all like the original.

Her hat was also gray and covered with bright pink roses. She looked like the comic supplement pictures of brides, and all her natural fineness and sweet simplicity seemed overshadowed.

On the train bound for Atlantic City Matthew noticed the amused smiles cast in their direction. These smiles were vaguely disconcerting, and he could not help wondering what the rest of Julie's clothes were like. He did hope she had bought something less conspicuous, something more like the clothes worn by the women in his own set. But a smile touched his lips as his eyes rested on the radiant youth of the face under the atrocious hat, and his heart quickened at the thought that this girl belonged to him and that he was sure of her love.

The big seashore hotel awed Julie. Its unaccustomed luxury made her timid, and besides that, the thought that she was alone with Matthew Strong, this man who seemed little less than a god to her, was terrifying in itself.

Dimly she began to perceive that marriage to a man of his type would not be easy. Already the fear that she might disappoint him, that she might not be able to hold him, pressed on her consciousness, and she wondered why he had made no comment on how she looked. Was anything wrong with her? And as this thought struck her, she glanced quickly around the lobby. Matthew was at the desk registering, and Julie had a few moments to notice the crowds. She saw that most of the women were dressed simply in dark colors, and the hot blood dyed her cheeks at the thought that she might be too conspicuous. Did Matthew think so? Was that why he had not complimented her on her choice of a bridal costume?

The next moment however, she forgot this thought in the excitement of being whizzed upstairs in an elevator and ushered into the most luxurious suite of rooms she had ever seen. Then the door closed on the porter who had carried their bags, and she and Matthew were alone.

Julie went to the mirror and removed her hat. She fluffed up her waves of dark hair, and somehow without the offending headpiece she looked more like herself. When she turned toward Matthew, that look of shy adoration in her eyes, he crossed the room and swept her up into his arms. She clung to him, her straight black lashes sweeping her flushed cheeks, and in his tight clasp of her and the eager insistence of his kisses, she found nothing lacking to prove that he loved her.

HUSBAND SAID WHY NOT TRY IT

Wife Said She Would. Result, Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

East Hardwick, Vermont.—"Last winter I was not able to do any work at all. I had backache, headache, sideache, and was sick all the time for six months. We read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and my husband said to me, 'Why don't you try it?' So I said I would, and he went and got me a dozen bottles. It has done me more good than I can ever tell, and my friends say, 'What have you done to yourself? You look so well.' I tell them it is the Vegetable Compound that makes me so well and strong. There is no use to suffer with backache and pains. I will tell every one what it has done for me."—Mrs. FRED. PRIMO, Route No. 2, E. Hardwick, Vermont.

Facts About Child-birth

IT has been proven conclusively that much of the suffering, pain and dread experienced during *expectancy*, as well as at *child-birth* is entirely *unnecessary*.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more *easily*, during the constant readjustment, month after month, right up to the climax of *child-birth*.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend.'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did. Start *today* and experience the wonderful comfort it will give you.

Report After Probe Of Bolshevik Raids

WARSAW, Aug. 7.—(A. P.)—General Smigly, who was sent to the border to investigate the recent bolshevik raid on the town of Stolpce, reports that the attacking force consisted of four groups of twenty-five men each, one of which escaped to Russia while three are still in Polish territory.

His investigation is said to reveal that one of the raiding units remained for several months in the regular army barracks at Minsk near the Polish border, where they received training under the bolshevik officers.

Lemon Juice Whitens Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole, quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable bleach yourself. It can not be bought ready to use because it acts best immediately after it is prepared.—Advertisement.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

The big seashore hotel awed Julie. Its unaccustomed luxury made her timid, and besides that, the thought that she was alone with Matthew Strong, this man who seemed little less than a god to her, was terrifying in itself.

Dimly she began to perceive that marriage to a man of his type would not be easy. Already the fear that she might disappoint him, that she might not be able to hold him, pressed on her consciousness, and she wondered why he had made no comment on how she looked. Was anything wrong wtih her? And as this thought struck her, she glanced quickly around the lobby. Matthew was at the desk registering, and Julie had a few moments to notice the crowds. She saw that most of the women were dressed simply in dark colors, and the hot color dyed her cheeks at the thought that she might be too conspicuous. Did Matthew think so? Was that why he had not complimented her on her choice of a bridal costume?

The next moment, however, she forgot this thought in the excitement of being whizzed upstairs in an elevator and ushered into the most luxurious suite of rooms she had ever seen. Then the door closed on the porter who had carried their bags, and she and Matthew were alone.

Julie went to the mirror and removed her hat. She fluffed up her waves of dark hair, and somehow without the offending headpiece she looked more like herself. When she turned toward Matthew, that look of shy adoration in her eyes, he crossed the room and swept her up into his arms. She clung to him, her straight black lashes sweeping her flushed cheeks, and in his tight clasp of her and the eager insistence of his kisses, she found nothing lacking to prove that he loved her.

HUSBAND SAID WHY NOT TRY IT

Wife Said She Would. Result, Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

East Hardwick, Vermont.—"Last winter I was not able to do any work at all. I had backache, headache, sideache, and was sick all the time for six months. We read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and my husband said to me, 'Why don't you try it?' So I said I would, and he went and got me a dozen bottles. It has done me more good than I can ever tell, and my friends say, 'What have you done to yourself? You look so well.' I tell them it is the Vegetable Compound that makes me so well and strong. There is no use to suffer with backache and pains. I will tell every one what it has done for me."—Mrs. FRED. PRIMO, Route No. 2, E. Hardwick, Vermont.

Housewives make a great mistake in allowing themselves to become so ill that it is well-nigh impossible for them to attend to their household duties. 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

Facts About Child-birth

IT has been proven conclusively that much of the suffering, pain and dread experienced during *expectancy*, as well as at *child-birth* is entirely *unnecessary*.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more *easily*, during the constant readjustment, month after month, right up to the climax of *child-birth*.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend,'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did. Start *today* and experience the wonderful comfort it will give you.

Report After Probe Of Bolshevik Raids

WARSAW, Aug. 7.—(A. P.)—General Smigly, who was sent to the border to investigate the recent bolshevik raid on the town of Stolpce, reports that the attacking force consisted of four groups of twenty-five men each, one of which escaped to Russia while three are still in Polish territory.

His investigation is said to reveal that one of the raiding units remained for several months in the regular army barracks at Minsk near the Polish border, where they received training under the bolshevik officers.

Lemon Juice Whitens Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable bleach yourself. It can not be bought ready to use because it acts best immediately after it is prepared.—Advertisement.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

You don't have to do this-

BEDBUGS are quickly destroyed by spraying all suspected places with Flit.

Flit spray penetrates cracks and crevices where bedbugs and roaches breed, destroying the insects, their eggs and larvae.

Destroys All Insects

Flit clears the house in a few minutes of mosquitoes and disease-bearing flies. It is clean, easy to use and harmless.

Spraying Flit on garments kills moths. It destroys their eggs and the tiny worms called larvae which eat holes. Exhaustive tests showed that Flit did not stain or injure the most delicate fabrics.

Flit is sold to fur storage plants, etc., in bulk quantities.

Windows, bath tubs and tile will glisten if sprayed with Flit and polished with a dry cloth.

A Scientific General Insecticide

More than seventy formulas were tested before the final selection was made. Flit is a 100% effective insecticide containing no inactive (inert) ingredients.

Try Flit in your home. At all drug stores

Your Best Food-- Eat Lots of It!

THERE is no finer food for your family than Gooch's Best Bread. Nothing you can serve them gives them so much health-sustaining nourishment as this splendid bread. Every loaf is a veritable mine of body-building food. Within its tender golden crusts is contained all the goodness of rich ingredients from which it is made.

And GOOCH'S BEST tastes just as good as it really is. We believe you will find it the best flavored loaf ever offered to your family. Give them lots of it.

SQUARE DEAL Bread, our other grade, is a much finer loaf than you might expect at its price. In fact, its price is not a fair indication of its quality, for SQUARE DEAL does not offer you premiums. Every cent of its cost is in the loaf. That's why 12 cents buys you such a big, pound and a half loaf of this good bread. We suggest a trial of SQUARE DEAL to those who are unacquainted with its quality. You can get it from your grocer. He has GOOCH'S BEST, too.
